H.A.K.S. TRADING (PRIVATE) LIMITED, a private company limited by shares, incorporated under the laws of Pakistan and having its registered office at No. 6, Old Rally Building, Talpur Road, off I. I. Chundrigar Road, Karachi, Pakistan (hereinafter referred to as “**HTPL**”, which expression shall mean and include, where the context so requires or admits, its successors-in-interest and permitted assigns).

RECITALS

WHEREAS by this Scheme of Arrangement (“**Scheme**”), it is *inter alia* proposed that:-

1. The entire undertaking, comprising all its Assets, Liabilities and Obligations of HTPL, as at the Effective Date (as defined below), shall be transferred to, stand vested in, and be assumed by Burshane.
2. Upon merger and transfer of HTPL in the manner stated under this Scheme, HTPL shall be dissolved without winding up.
3. As consideration for the above, it is proposed that the existing shares of Burshane held by HTPL shall stand cancelled and fully paid ordinary shares of Burshane shall be issued to the shareholders of HTPL in accordance with this Scheme, as a consequence of which the issued and paid up share capital of Burshane shall stand reduced (to the extent of the new shares of Burshane to be issued to the shareholders of HTPL).
4. This Scheme, if approved by the respective shareholders through a special resolution and sanctioned by the Court by an order passed in this behalf, is to be binding on HTPL and Burshane and all shareholders, Creditors, employees, Customers and contracting parties of HTPL and Burshane.

BENEFITS OF THIS SCHEME

A. Objectives of Long Term Growth, Expansion and Diversity

The shareholders of HTPL, having the necessary experience, funds and expert advisors, sought to be a part of Burshane in order to expand and diversify the business of the latter by

implementing the long-term plan envisaged by the said investors. The said plan not only involves the expansion of the existing business of Burshane, but primarily pertains to the diversification of the business of Burshane by investing in the LPG auto fuel supply industry in view of the shortage of CNG in Pakistan. To achieve the same, the representatives of HTPL have caused Burshane to enter into agreements with AWT and Byco by virtue of which Burshane shall install LPG auto fuel supply stations at AWT's and Byco's petrol stations throughout Pakistan.

The envisaged plan requires Burshane to carry out substantial investments in connection with its existing business including, but not limited to, the expansion of its infrastructure such as a distribution centre, development and expansion of its logistics including storage tanks and distribution mechanisms, increase its parking space for prime movers and bobtails used in the transportation of LPG, and the construction of the head office. For the purposes of such investments and growth it is necessary to obtain land / properties which shall be utilized to achieve the said objectives.

HTPL, at the time of acquisition of a substantial shareholding in Burshane, had kept in mind such expansion plans and consequently had acquired large portions of land, i.e. the Properties which would be ideal to begin carrying out the aforementioned objectives. Such Properties once owned and available to Burshane for its own use, would allow Burshane to achieve its expansion plans and the aforementioned objectives for the benefit of Burshane and its shareholders.

B. Cost savings for Burshane

The Amalgamation pursuant to this Scheme will lead to significant cost saving for Burshane as the Properties shall vest in Burshane i.e. the shareholders of Burshane to acquire the benefit and use of the Properties without having to pay cash consideration, and the same shall be utilized for expanding and diversifying its business for the long term success of Burshane.

C. Larger Asset Base

The Amalgamation would lead to an increased asset base and the size of the entity. This would in turn assist the management to have access to more external funds at competitive rates. The larger size of asset base would provide greater comfort to potential creditors. Access to larger resources would, in turn improve growth prospects and ability to undertake large assignments.

D. Entering into new markets and greater resources

The Amalgamation would effectively allow Burshane to diversify its business and enter into new markets. The amalgamated / merged entity would also benefit as greater resources will be available to develop and expand the business, including experienced individuals who have successfully created and expand various businesses throughout Pakistan. Burshane would benefit from a greater reputation and a stronger position in the market

E. Increase in Risk Absorption Capacity

The diversification of the business of the merged / amalgamated entity, as successfully carried out utilizing the Assets of HTPL and Burshane would increase its risk absorption capacity thus enhancing the capacity to manage the potential risks arising out of the adverse

and uncertain operating environment. In the long run, this factor would provide greater stability as well as sustainability in operations.

NOW THEREFORE, this Scheme is presented as follows:
