Dear Sirs,

Re: Material Information – Successful Completion of Mehmood Kot Installation

We are pleased to inform that our Mehmood Kot Installation has been fully completed for uplifting of petroleum products. The installation has been constructed on approximately 6 acres and is designed to cater a total capacity of 13,500 metric tons of petroleum products including 9,000 metric tons of high speed diesel and 4,500 metric tons of motor gasoline and is connected to PARCO Pipeline. The commissioning of our Mehmood Kot Installation will improve our supply chain management in Southern Punjab and will lead to the increase in Company's sales of diesel and gasoline.

Yours truly,

Zeeshan Ul Haq
Company Secretary
