Stock Exchange Building,
I.I. Chundrigar Road,
Karachi.

Double Production Capacity

Dear Sir,

This is with reference to your letter No. KSE/C-219-8690 dated December 12, 2013 regarding subject matter.

In this context, it is submitted that Chairman in his speech, at the occasion of 20th Anniversary celebrations of the company, expressed his long term future vision to double production capacity to 100,000 units per year.

The company has installed production capacity of 50,000 units per year, on double shift basis and currently, the company is operating around 50% of its production capacity.

The company purchased adjacent land way back in 2004 in anticipation of any possible opportunity for expansion in future.

We hope the above sufficiently addresses your query, however in case you need any further information, please do not hesitate to contact us.

Thanking you,

Yours truly,
for Honda Atlas Cars (Pakistan) Limited

(Sardar Abid Ali Khan)
Vice President & Company Secretary

Cc: Managing Director KSE
