DIRECTORS' REPORT

The Board of Directors of NBP Fund Management Limited is pleased to present the Second Annual Report for the period ended June 30, 2019, since launch of **NAFA Financial Sector Fund** on February 14, 2018.

The objective of NAFA Financial Sector Fund is to provide investors with long term capital growth from an actively managed portfolio of listed equities belonging to the Financial Sector.

Fund's Performance

After challenging FY2017-18, amid thin trading volumes, the stock market depicted dismal performance during FY2018-19 as the benchmark KSE-100 Index fell sharply by 19.1% on a year-on-year basis. Though the market started off the year on a positive note as investors cheered the peaceful transition between two democratically elected governments, the rebound turned out to be short-lived as investors' attention shifted to the deteriorating economic fundamentals emanating from the intractable twin deficits, especially the heightened Current Account Deficit (CAD).

Faced with the challenging economic conditions, with the objectives to contain inflation and curtail external account imbalances, the incumbent government embarked on tightening policies including massive devaluation of overvalued Pak Rupee against the US Dollar, sharp hike in the Policy Rate, increasing/expanding the scope of duties on non-essential imported luxury goods, and deep cut in public spending. The tightening policies led to a sharp decline in the economic activity as manifested by contraction in the Large Scale Manufacturing sector while the GDP growth rate slowed to 3.3% for FY2019 compared with 5.5% in the previous year. This in turn weighed on the corporate profitability, especially of cyclical sectors due to demand slowdown and cost pressures that in turn further dampened market sentiment.

To bridge the gap on external account, though the government was able to secure a sizable financial assistance from friendly countries such as China, KSA and UAE, the delay in the IMF program irked the market participants, as despite the government's efforts, CAD for the year clocked in at unsustainably high level of USD 13.6 billion albeit down from USD 19.9 billion in the previous year. The unfortunate Pulwama Attack led to escalation of tension between Pakistan and India, which also weighed on the market sentiment. Negative headlines pertaining to the ongoing proceedings of Financial Action Task Force (FATF), which expressed its concerns on lack of operational reforms also perturbed investors throughout the year. Tax laden Federal Budget FY2019-20 along with ongoing drive for the documentation of economy are causing short-term pain with its negative implications for the economic growth, corporate profitability, consumer confidence, and market sentiment.

During the fiscal year, NAFA Financial Sector Fund decreased by 9.4% return as against the KSE-30 index decreased by 18.2%, outperforming the benchmark by 8.8% during the year. The Fund outperformed as the fund was overweight in select Commercial Banks sector stocks which outperformed the market. Since inception (February 14, 2018), NAFA Financial Sector Fund has decreased by 9.1%, whereas the KSE-30 index has decreased by 20.4%, thus to date outperformance is 11.3%. This outperformance is net of management fee and all other expenses. The Fund size is 1,121 million as of June 30, 2019.

NAFA Financial Sector Fund has incurred a total loss of Rs. 93.17 million during the year. After incurring total expenses of Rs. 39.41 million, the net loss is Rs. 132.58 million. During the year, the unit price of NAFA Financial Sector Fund has decreased from Rs.10.0006 on June 30, 2018 to Rs.9.0609 on June 30, 2019. The resultant per unit loss is Rs.0.9397 (9.4%).

The asset allocation of NAFA Financial Sector Fund as on June 30, 2019 is as follows:

Income Distribution

Due to net loss for the year, no distribution has been made.

Taxation

On account of net loss, no provision for taxation was made in the financial statements of the Fund.

ڈائریکٹرز رپورٹ

NBP فنڈ مینجمنٹ لمیٹڈ کے بورڈ آف ڈائریکٹرز اپنے آغاز (14 فروری 2018) NAFA فنانشل سیکٹر فنڈ کی دوسری سالانہ رپورٹ برائے مختتمہ سال 30 جون 2019 پیش کرتے ہوئے مسرت محسوس کر رہے ہیں۔

فنڈ کی کارکردگی

بعد از مشکل مالی سال 2017-18، مالی سال 2019 بھی تجارتی حجم میں کمی کے باعث اسٹاک مارکیٹ نے مایوس کن کارکردگی کا مظاہرہ کیا جیسا کہ KSE-100 انڈیکس میں سالانہ بنیادوں پر 19.1% کی کمی واقع ہوئی اگرچہ اس سال مارکیٹ کا آغاز مثبت انداز سے ہوا جیسا کہ سرمایہ کاروں نے دو منتخب جمہوری حکومتوں کے پُر امن انتقالی اقتدار کو سراہا۔ تاہم مقامی سرمایہ کاروں کا جوش وقتی ثابت ہوا جس کی وجہ سے سرمایہ کاروں کا خراب معیشت کی طرف متوجہ ہونا تھا۔ یہ صورتحال دو ہرے خسارے، خاص طور پر بڑھتے ہوئے کرنٹ اکاؤنٹ خسارہ (CAD) سے صاف ظاہر ہو رہی تھی۔

مہنگائی پر قابو پانے اور بیرونی اکاؤنٹ کے عدم توازن کو کم کرنے کے مقاصد کے ساتھ مشکل اقتصادی حالات سے دوچار موجودہ حکومت نے امریکی ڈالر کے برعکس روپیہ کی قدر میں خاطر خواہ کمی، پالیسی شرح میں تیز ترین اضافہ، غیر ضروری پریشانی پر تیش در آمدی اشیاء کی ڈیوٹی میں اضافہ اور عوامی اخراجات میں کمی جیسی سخت پالیسیوں کا آغاز کیا۔ سخت پالیسیوں کی وجہ سے معاشی سرگرمیوں میں واضح کمی واقع ہوئی جس کا اظہار بڑے پیمانے کے پیداواری شعبے میں کمی سے ہوا جبکہ جی ڈی پی نمو کی شرح گزشتہ سال 5.5% کے مقابلے میں مالی سال 2019 میں 3.3% کی شرح سے سست رفتاری کا شکار رہی۔ جس کا اثر کاروباری منافع خاص طور پر گردش شعبوں کے منافع پر طلب کی کمی اور لاگتیں دباؤ کے باعث ہوا جس کے نتیجے میں سرمایہ کاروں کے جذبات مزید مدہم پڑ گئے۔

بیرونی اکاؤنٹ کے غلاء کو پورا کرنے کے لئے اگرچہ حکومت، چین، سعودی عرب اور متحدہ عرب امارات جیسے دوست ممالک سے قابل ذکر مالی امداد حاصل کرنے میں کامیاب ہو گئی تھی تاہم IMF پروگرام میں تاخیر نے مارکیٹ کے شرکاء کو پریشان کیا۔ حکومتی کوششوں کے باعث کرنٹ اکاؤنٹ خسارہ گزشتہ سال میں 19.9 امریکی ڈالر سے کم ہو کر رواں سال 13.6 امریکی ڈالر کی غیر مستحکم اعلیٰ سطح پر پہنچ گیا۔ بد قسمتی سے پلوامہ حملے کے بعد پاکستان اور بھارت کے درمیان کشیدگی بڑھ گئی جس سے سرمایہ کاروں کے جذبات بھی معدوم ہوئے۔ فنانشل ایکشن ٹاسک فورس (ایف اے ٹی ایف) کی جاری کارروائی سے متعلق منفی خبروں نے آپریشنل اصلاحات کی عدم فراہمی پر خدشات کے اظہار نے سال بھر سرمایہ کاروں کو پریشان کئے رکھا۔ دستاویزی معیشت کے لئے جاری مہم کے ساتھ ٹیکسوں سے بھرپور وفاقی بجٹ مالی سال 2019-2020 قلیل مدت پریشانی کا حامل رہا جس کے منفی اثرات اقتصادی ترقی، کاروباری منافع، صارفین کے اعتماد اور سرمایہ کاروں کے معدوم جذبات کی شکل میں ظاہر ہوئی۔

مالی سال کے دوران، NAFA فنانشل سیکٹر فنڈ KSE-30 انڈیکس میں 18.2% کمی کے مقابلے میں 9.4% تک کم ہوا، سال کے دوران 8.8% کٹیف مارک بہتر کارکردگی دیکھائی۔ فنڈ کی بہتر کارکردگی کمرشل بینکس سیکٹر اسٹاکس کے انتخاب میں تھی جس نے مارکیٹ میں بہتر کارکردگی دکھائی۔ اپنے آغاز (14 فروری 2018) سے، NAFA فنانشل سیکٹر فنڈ میں 9.1 فیصد کمی ہوئی، جبکہ KSE-30 انڈیکس 20.4 فیصد کم ہوا، چنانچہ آج تک بہتر کارکردگی 11.3% ہے۔ یہ بہتر کارکردگی انتظامی فیس اور دیگر تمام اخراجات کے بعد خالص ہے۔ فنڈ کا سائز 30 جون 2019 کو 1,121 ملین ہے۔

NAFA فنانشل سیکٹر فنڈ نے سال کے دوران 93.17 ملین روپے کا مجموعی خسارہ ہوا۔ 39.41 ملین روپے کے مجموعی اخراجات منہا کرنے کے بعد، خالص نقصان 132.58 ملین روپے ہے۔ سال کے دوران NAFA فنانشل سیکٹر فنڈ کی پونٹ پرائس 30 جون 2018 کو 10.0006 روپے سے کم ہو کر 30 جون 2019 کو 9.0609 روپے ہو گئی۔ جس کے نتیجے میں فی پونٹ نقصان 0.9397 روپے (9.4%) ہے۔

30 جون 2019 کے مطابق NAFA فنانشل سیکٹر فنڈ کی ایسٹ ایلو کیشن حسب ذیل ہے:

آمدنی کی تقسیم

مذکورہ مالی سال میں فنڈ میں خالص نقصان کے سبب، کوئی رقم تقسیم نہیں کی گئی۔

نیکسٹیشن

خالص نقصان کے سبب، فنڈ کے مالیاتی گوشوارے میں ٹیکس کا کوئی پروویژن نہیں رکھا گیا۔

آڈیٹرز

موجودہ آڈیٹرز، میسرز ایف فرگوسن اینڈ کمپنی، چارٹرڈ اکاؤنٹنٹس، ریٹائر ہو گئے ہیں اور اہل ہونے کی بناء پر 30 جون 2020 کو ختم ہونے والے سال کے لئے اپنے آپ کو دوبارہ تقرر کے لئے پیش کرتے ہیں۔

Board of directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Noman Abbas Sheikh**.

1 LEGAL STATUS AND NATURE OF BUSINESS

NAFA Financial Sector Fund (the Fund) is an open ended mutual fund constituted under a Trust Deed entered into on January 10, 2018 between NBP Fund Management Limited as the Management Company and the Central Depository Company of Pakistan Limited (CDC) as the Trustee.

The Management Company of the Fund has been licensed to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) through a certificate of registration issued by the SECP. The objective of NAFA Financial Sector Fund is to provide investors with long term capital growth from an actively managed portfolio of listed equities belonging to the financial sector. The investment objectives and policies are explained in the Fund's offering document.

The Pakistan Credit Rating Agency (PACRA) has assigned an Asset Manager Rating of AM1 as at June 30, 2019 (2018: AM1) to the Management Company. The Fund has not yet been rated.

The duration of the fund is perpetual. However, the SECP or the Management Company may wind it up on the occurrence of certain events as specified in offering document of the Fund.

2 BASIS OF PRESENTATION

2.1 Statement of compliance

"These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:"

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to the published accounting and reporting standards that are effective in the current year

- 2.2.1** "Effective from July 1, 2018, the Fund has adopted IFRS 9: 'Financial instruments' which has replaced IAS 39: 'Financial instruments: recognition and measurement'. The standard addresses recognition, classification, measurement and derecognition of financial assets and financial liabilities. The standard has also introduced a new impairment model for financial assets which requires recognition of impairment charge based on 'expected credit losses' (ECL) approach rather than 'incurred credit losses' approach, as previously given under IAS 39. The ECL has impact on all the assets of the Fund which are exposed to credit risk. However, majority of the assets of the Fund that are exposed to credit risk pertain to counter parties which have high credit rating. Therefore, the management believes that the impact of the ECL would be very minimal and hence, the same has not been accounted for in these financial statements."

All equity investments are required to be measured in the statement of assets and liabilities at fair value, with gains and losses recognised in the income statement, except where an irrevocable election has been made at the time of initial recognition to measure the investment at fair value through other comprehensive income (FVOCI). The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions.

IFRS 9 requires securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis to be recognised as fair value through profit or loss (FVPL). The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the Fund's investment portfolio in equity securities continues to be classified as fair value through profit or loss and other financial assets which are held for collection continue to be measured at amortised cost.

The adoption of IFRS 9 did not have any impact on classification and measurement of financial assets and financial liabilities on the date of its adoption.

- 2.2.2** There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2018 but are considered not to be relevant or do not have any significant effect on the Fund's operations and are, therefore, not disclosed in these financial statements.

2.3 Standards, interpretations and amendments to the published accounting and reporting standards that are not yet effective

- 2.3.1** The following amendments to the published accounting and reporting standards would be effective from the dates mentioned below against the respective amendments:

Standards, amendments and interpretations	Effective date (accounting periods beginning on or after)
- IFRS 9 - 'Financial instruments' (amendments)	January 1, 2019
- IAS 1 - 'Presentation of financial statements' (amendments)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendments)	January 1, 2020

The management is currently in the process of assessing the full impact of these amendments on the financial statements of the Fund.

- 2.3.2** There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2019 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are, therefore, not disclosed in these financial statements.

2.4 Critical accounting estimates and judgements

The preparation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which

form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 3.3 and 5) and provision for taxation (notes 3.13 and 17).

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except that investments have been carried at fair values.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupee, which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 The principal accounting policies applied in the presentation of these financial statements are set out below. These policies have been applied consistently to all the years except for the change in accounting policies as explained in note 2.2.1 to these financial statements.

3.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

3.3 Financial assets

3.3.1 Classification and subsequent measurement

3.3.1.1 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the statement of assets and liabilities at fair value, with gains and losses recognised in the income statement, except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the income statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the income statement.

3.3.2 Impairment

The Fund assesses at each reporting date whether there is an objective evidence that a financial asset or a group of financial assets is impaired. If such an indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds the recoverable amount.

3.3.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.3.4 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are recognised in the income statement.

3.3.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the income statement.

3.3.6 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the income statement.

3.4 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the income statement.

3.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the application received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption application during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

3.9 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.11 Revenue recognition

- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place.
- "Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are recorded in the period in which these arise."
- Profit on bank balances is recognised on an accrual basis.
- Dividend income is recognised when the right to receive the dividend is established.

3.12 Expenses

All expenses including management fee and trustee fee are recognised in the income statement on an accrual basis.

3.13 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed as cash dividend to the unit holders.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of part IV of the Second Schedule to the Income Tax Ordinance, 2001.

3.14 Earnings / (loss) per unit

Earnings / (loss) per unit (EPU) has not been disclosed in these financial statements as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistan Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the income statement.

5.1.1 Investments include shares with market value of Rs 132.778 (2018: 206.996) million which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by the SECP.

5.1.2 The Finance Act, 2014 introduced amendments to the Income Tax Ordinance, 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance, 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh (HCS) in favour of CISs.

During the year ended June 30, 2018, the Honourable Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the current year. Subsequent to the year ended June 30, 2019, the CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies.

As at June 30, 2019, the following bonus shares of the Fund have been withheld by Faysal Bank Limited at the time of declaration of bonus shares. The Fund has included these shares in its portfolio, as the management believes that the decision of the constitutional petition will be in favour of the CISs.

7.1 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on dividend and profit on bank deposits paid to the Fund has been deducted by various withholding agents based on the interpretation issued by the FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholders. The tax so withheld on dividends and profit on bank deposits as at June 30, 2019 amounts to Rs 0.348 million (2018: Rs. 0.348 million). For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the funds being managed by the Management Company) had filed a petition in the Honourable High Court of Sindh (HCS) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by HCS in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Honourable Supreme Court of Pakistan (HSC) by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the HSC granted the petitioners leave to appeal from the initial judgement of HCS. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on dividends and profit on debt has been shown as other receivables as at June 30, 2019 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

21 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

21.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: yield / profit rate risk, currency risk, and price risk.

(i) Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As at June 30, 2019, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances with banks which expose the Fund to cash flow interest rate risk. In

case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net loss for the year and net assets of the Fund would have been lower / higher by Rs. 0.009 million (2018 : Rs. 0.005 million).

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2019 and June 30, 2018, the Fund does not hold any fixed rate instrument that may expose the Fund to fair value interest rate risk.

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2019 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2019 can be determined as follows:

June 30, 2019					
Effective interest rate (%)	Exposed to yield / interest rate risk			Not exposed to yield / interest rate risk	Total
	Up to three months	More than three months and up to one year	More than one year

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund and classified as at fair value through profit or loss. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to no more than 20% of net assets. There is no sector exposure limit on sector specific fund under NBFC Regulations.

In case of 5% increase / decrease in KSE 30 index on June 30, 2019, with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. 53.16 million (2018: Rs. 44.98 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 5% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KSE 30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KSE 30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2019 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KSE 30 Index.

21.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed of and are considered readily realisable.

As per the NBFC Regulations, 2008, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

21.3 Credit risk

21.3.1 There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent controls established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments' guidelines approved by the Investment Committee.

21.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and mark up accrued thereon. The credit rating profile of balances with banks are as follows:

Rating	% of financial assets exposed to credit risk	
	2019	2018
AAA	0.289	0.26
AA+	0.226	0.32
AA-	0.305	0.35
A+	3.656	12.61
A-	0.064	0.08
	4.541	14.00

22 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the reporting date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair value measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at reporting date the Fund held the following financial instruments measured at fair values:

23 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 21, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.
