CHAIRMAN'S MESSAGE

On behalf of the Board of Directors, I am pleased to present Samba Bank Limited's Annual Report for the year ended December 31, 2024. As Chairman of the Board, I remain committed to upholding the highest standards of integrity, transparency and accountability across all aspects of our operations, with a strong focus on delivering value to our clients, employees and stakeholders.

In 2024, Pakistan's economy continued to demonstrate improvements in almost all macro-economic indicators. The State Bank of Pakistan (SBP) also actively managed the balance of payments and its initiatives resulted in a stable currency exchange rate during the year. SBP's timely interventions in the form of Monetary Policy resulted in keeping the inflation rates in check.

In this evolving economic landscape, the Bank adopted a prudent and strategic approach to safeguarding its earning assets, strengthening its balance sheet and reinforcing risk management through prudent provisioning. Despite the challenges, these proactive measures enabled the Bank to achieve a profit before tax of PKR 1,550 million.

Retail and Consumer Banking Group

In the year 2024, Retail Banking grew the deposit book by PKR 13.4 billion (21% growth YoY). With focus on mass-market segment. The business group on boarded 5,000 + new customer relationships and opened 10 new branches during the year. This reflects the bank's long-term commitment to the Pakistani market increasing the branch network to 57 branches across 17 cities. Amidst challenging market conditions and intense price - based competition in the retail asset's, the business group continued to navigate these challenges by maintaining a disciplined approach to lending and sustaining one of the lowest NCLs in the consumer lending industry.

On the Digital Banking front, the new look Mobile App / Internet Banking platforms were launched to further augment the customer experience while providing value added banking services to our clientele on the go. The number of digital transactions (as % of overall transactions) reached 84% which demonstrates the capability of our robust infrastructure to manage customer traffic seamlessly without any manual intervention. Furthermore, Consumer Banking team spear-headed a straight-through e-KYC module for all client segments which has allowed us to manage the regulator's AML & CFT expectations with utmost precision.

SBL, due to its Saudi patronage continues to be one of the preferred banking partners for the private Hajj & Umrah Operator's fraternity for the last 7 years. During the year 2024, our strategic partnership with this unique customer segment resulted a 12% business growth allowing Samba to achieve sustainable growth through diverse revenue streams.

Looking ahead, Consumer Banking business remains focused on growth of low-cost deposit's, increase in our retail lending book and broadening of customer base by digitally delivering exceptional value to both new and existing clients. 20 new branches will be opened in strategically located cities of Pakistan to propel customer acquisition and allow the Bank to strengthen its footprint in varied markets across Pakistan. The Retail Assets team will also be aggressively focusing on growing its book and capitalize on the declining discount rate trend whilst also maintain optimum standards of asset quality as we navigate the evolving economic landscape.

Wholesale Banking Group

2024 was another challenging year for the Wholesale Banking Group (WBG) which faced headwinds in the first half of the year with interest rates peaking at 22%. This impacted the asset portfolio as a result of which a few new NPLs were recorded, which mostly were industry-wide defaults. Net Interest income of WBG for 2024 decreased to PKR 1,937 million (2023: PKR 3,505 million), representing a YoY decline of 45%. Non-interest income of the segment closed at PKR 487 million (2023: PKR 480 million), representing YoY marginal increase of 1%.

In 2025, the segment will strive to consolidate its exposure by selectively increasing exposure on good quality corporate names along with enhancing SME portfolio based on the credit parameters of the Bank. WBG will continue its focus on achieving settlement with its delinquent obligors thereby bringing down its loan portfolio infection rate.

Cash Management (CMG) played a key role in driving cross-sell to various businesses in 2024. Despite challenging business environment, CMG managed to sustain almost the same volumes; PKR 299 billion compared to PKR 304 billion in 2023. This performance was achieved by acquisition of new mandates as well as deepening in existing relationships.

Global Markets/Treasury (GM)

The year 2024 marked a period of recovery for Pakistan's markets, driven by currency stabilization, a sharp drop in interest rates, and renewed investor confidence in the markets. A key factor behind this recovery was the exchange rate, which remained largely stable throughout the year. Inflation saw a significant decline, falling from a peak of 37.97% in the previous year to single-digit levels, prompting the central bank to implement a series of interest rate cuts. The cumulative 900 basis-point reduction in the policy rate was well-received by equity markets, resulting in the index climbing by over 52,000 points during the year. Bank's Equity desk achieved remarkable success, and the bank's equity portfolio outperformed the benchmark index. Furthermore, despite the lack of volatility, the FX Desk posted an income of PKR 1.01 billion, significantly surpassing projections.

Corporate Social Responsibility (CSR)

At Samba Bank Limited (SBL), we remain deeply committed to making a positive impact on society through a well-defined CSR framework. As a responsible corporate entity, we believe in actively contributing to the betterment of the communities in which we operate. Our CSR initiatives are designed to align with our mission of fostering sustainable social development, ensuring that our efforts create meaningful and long-lasting change. All activities carried out under our CSR umbrella are governed by an approved policy that provides a structured approach to community engagement and philanthropy.

During 2024, our CSR strategy primarily focused on two critical areas: - Education and Healthcare. Recognizing the urgent need to support marginalized communities that lack access to fundamental services, we directed our efforts towards initiatives that promote learning opportunities for underprivileged children and provide essential medical care to those in need. By collaborating with reputable non-profit organizations, we aim to bridge the gap between underserved populations and their access to vital resources, ensuring a more inclusive and equitable society.

Our longstanding partnerships with renowned organizations such as The Citizens Foundation (TCF), Indus Hospital, Pink Ribbon Pakistan, Shaukat Khanum Memorial Hospital, Kiran Foundation, Patients Aid Foundation, and The Kidney Centre reflect our unwavering commitment to addressing diverse social challenges. These organizations play a crucial role in improving healthcare facilities, enhancing educational opportunities, and supporting the well-being of communities across the country.

In addition to our ongoing collaborations, we also expanded our CSR outreach during the year to support new organizations, including Deaf Welfare Association, Akhuwat, Roshni Trust, MALC - Marie Adelaide Leprosy Centre, Hunar Foundation & PEBS - Pakistan Eye Bank Society. By extending our partnerships, we aim to reach more vulnerable groups and address a wider spectrum of social concerns.

As a responsible corporate citizen, SBL remains committed to playing an active role in creating a better future for our communities. We will continue to explore new avenues for social investment, strengthen our existing initiatives, and work towards building a more prosperous and inclusive society.

Performance of the Board of Directors

I wish to extend my appreciation to the Board of Directors of the Bank for their significant contributions to the progress and continued success of Samba Bank. During 2024, the board consistently exemplified elevated standards of business and professional conduct while overseeing the bank's operations. Their role extended to setting strategic objectives and providing the leadership necessary to translate those objectives into actionable initiatives, aligning seamlessly with the bank's vision, mission and core values.

The board's oversight extended to monitoring the financial and operational robustness of Samba Bank, ensuring the effectiveness of the governance structure, internal controls, audit functions and the risk management framework. Their collective efforts and astute governance have been instrumental in steering the bank toward continued growth and excellence.

Acknowledgement

On behalf of the board of directors, I express sincere gratitude to the regulatory bodies; State Bank of Pakistan, the Securities and Exchange Commission of Pakistan and the Federal Board of Revenue for their continued cooperation and oversight of the operations of Samba Bank.

DIRECTOR'S REPORT

Economic Highlights

Pakistan's economy has exhibited signs of stabilization and modest growth, supported by structural reforms, international financial assistance, restricted current account deficit, lower inflation and steady exchange rate. The Large-Scale Manufacturing sector despite ongoing challenges has shown a noticeable improvement from the significant contraction of 5.79% from last year. During this period, 12 out of 22 LSM sectors performed positively and continued growth in key industries including the auto, cement, food sectors etc. The State Bank of Pakistan lowered the policy rate by 900bps to 13% during the year ended December 31, 2024.

On the external front, current account posted a surplus of USD 1,210 million during the first half of FY 25 (July 2024 - December 2024) as against a deficit of USD 1,397 million for similar period last year. The primary reasons for the reduction in current account deficit are increased workers' remittances by USD 4,410 million and the exports by USD 1,342 million, partially offset by the increase in imports by USD 2,855 million.

Bank's Operating Results and Financial Review

The bank has posted following financial results for the year ended December 31, 2024, summary of which is as under:

During the period under review, Net interest income decreased by 9.6% over the comparative period which is mainly attributable to the downward trend of policy rate, which decreased by 900bps during the period. On the other hand, non-interest income increased by 39.6% and closed at Rs. 1,687 million. The increase in non-markup income is primarily linked to capital gains on investments of Rs. 212 million realized in P&L against a capital loss of Rs. 399 mln in the corresponding year. The Bank also realized a gain of Rs. 815 million (gross) on its equity investment portfolio that has been directly recognized in Statement of Changes in Equity (SOCE), in line with the requirements of IFRS 9 (new accounting standard). Operating costs increased by 11% over last year. This increase in expenses is lower than the average inflation rate of 13.12% and is attributable to several new initiatives, such as branch network growth, technology upgrade etc.

The bank is continuously right sizing its earning assets mix vis-à-vis credit risk. The bank has strategically increased its balance sheet size by Rs. 3,789 million which primarily represents an increase of Rs. 29,863 million in investments which is partially offset by decrease of Rs. 17,366 million in Loans and Advances. On the liabilities side, the interbank borrowings increased by Rs. 11,492 million which is offset by a decrease in deposits by Rs. 7,590 million or 6.6%.

During the year, the Bank successfully expanded its branch network by adding 10 new branches, increasing the total to 57. This expansion strengthens market presence, enhances customer accessibility, and supports broader retail banking growth.

Credit Rating

The Pakistan Credit Rating Agency Limited (PACRA), premier credit rating agency of the country, have assigned the entity ratings at 'AA/A-1' (Double A/A-One) to the Bank with 'Stable' outlook. These long-term and short-term ratings of the Bank denote high credit quality with adequate protection factor and strong capability for timely payments to all financial commitments owing to strong liquidity positions.

Statement of Internal Controls

The board is pleased to endorse the management's statement on the evaluation of internal controls which is included in the annual report.

Due Diligence Process

During the year, the Saudi National Bank ("SNB"), Bank's parent entity, informed the Bank that it had received a non-binding offer from Bank Alfalah Limited relating to the proposed divestment of SNB's 100% stake in Samba Bank Limited ("Samba Pakistan") representing approximately 84.51% shares in Samba Pakistan (the "Potential Transaction"). SNB agreed to evaluate the non-binding offer, subject to compliance with requirements under applicable laws and regulations. During the period on November 12, 2024, SNB announced that following the completion of due diligence and an exploration for the sale of its shares in Samba Bank Limited ("Samba Pakistan"), the Saudi National Bank ("SNB"), as the majority shareholder of Samba Pakistan are terminating the process for the sale of SNB's equity stake in Samba Pakistan.

Risk Management Framework

Effective risk management is a prerequisite for achieving our business objectives and is thus a central part of the Bank's risk culture. To ensure that an effective risk management framework is implemented in the Bank, the Board of Directors and senior management are actively involved in the formulation of policies, procedures and limits. Accordingly, the Bank has a comprehensive risk management framework that establishes risk management principles, guidelines and the governance structure. This framework defines the various committees established to undertake effective risk monitoring by the Board of Directors and the senior management, of the various types of risks which include Credit, Market, Liquidity, Operational, Fraud, Environmental & Social, Cyber Security risks and AML/CPF/CFT risks. These are discussed in more detail in note 45 to the annexed financial statements.

Through the risk management framework, bank-wide risks are managed with the objective of maximizing the risk-adjusted returns while remaining within the risk parameters approved by the Board. The Bank's risk management framework is designed to balance corporate governance with well-defined independent risk management principles. Refinements were continuously undertaken in the overall risk management governance throughout 2024, based on the guiding principles established by the Board Risk Committee.

Share Acquisition by Directors and Executives

The Pattern of shareholding and additional information regarding the pattern of shareholding is annexed separately. Furthermore, executives namely, Mr.Khurram Aleem Shahzad purchased and sold 10,000 shares and Mr. Tajdar Hussain purchased 1,500 shares and sold 1,000 shares of the bank.

Statement under Revised Guidelines on Remuneration Practices

The Bank, in line with State Bank of Pakistan (SBP) Guidelines and Disclosures on Governance and Remuneration Practices, has formulated & implemented a Remuneration Policy to specifically deal with employees who are materially responsible for risk-taking or risk-controlling activities i.e. Material Risk Takers (MRTs) and Material Risk Controllers (MRCs). The key objectives of this policy include promoting sound and effective risk management, promoting and supporting long-term performance, attracting, retaining and motivating highly qualified employees.

The policy defines the inclusion criteria for determination of MRTs & MRCs whose goal setting, performance measurement processes are based on a balanced scorecard approach linking financial performance evaluation with associated risks. MRT/MRC inclusion criteria takes into account both qualitative i.e. President & CEO, Direct Reports of the President & CEO, Board & Board Committees, members of critical management committees and heads of critical functions responsible for managing business, risks and controls as well as quantitative criteria covering all major risks e.g. Credit Risk, Market Risk, Operational Risk, Liquidity Risk, financial expenditure approval authority thresholds etc. MRTs and MRCs performance is measured through risk-adjusted balanced scorecards for ensuring correlation & alignment of risks and rewards, incorporating financial, non-financial and qualitative as well as 'risk-adjusting' factors. Each category within the scorecards includes multiple factors/KPIs for performance assessment based on appropriate benchmarks and targets.

Under the policy, compensation structure consists of (a) fixed remuneration i.e. compensating employees on a

monthly basis in the form of gross salary, grade and role-based fixed allowances and benefits, and (b) variable remuneration i.e. performance-based remuneration paid in the form of annual bonus/periodic incentives. Level of fixed remuneration is based on the role and position of the individual employee, professional experience, seniority, education, responsibility, job complexity, local market conditions etc., whereas variable remuneration takes into account the Bank's, Group's, Business Unit's/Product's, and individual's performance for determining payout.

A certain portion of the eligible MRTs and MRCs variable compensation is deferred for a defined period (three years) to align employee and stakeholders' interests and link it to longer-term sustainable performance. Proportion of deferment is based on categorization of the concerned MRT/MRC i.e. President & CEO, Senior Management & Other MRTs & MRCs, ranging from 20% to 30%. Deferred remuneration is paid proportionately over a period of three years through yearly installments following the year of the award. Malus provisions provide for cancellation or reduction of the unvested compensation award due to specific crystalized risk, behavior and conduct or performance outcome. Remuneration of MRCs working in control functions such as Risk Management, Credit, Compliance, Internal Audit, Financial Control, Legal etc. is determined independently from the business units monitored by them. No guaranteed bonuses are allowed.

In accordance with the regulatory requirements, the Bank has a Board Nomination & Remuneration Committee (BNRC) comprising of non-executive directors and headed by an independent director. While the Board of Directors has the overall responsibility for reviewing, approving and monitoring implementation of the bank-wide remuneration framework, the BNRC is responsible for overall design and oversight of the compensation system of the Bank. The BNRC also approves/recommends to the Board for approval, annual performance awards for the senior management, as required.

Auditors

The retiring external auditors Messrs. KPMG Taseer Hadi & Co. Chartered Accountants have completed their term of five years. Therefore, upon recommendation of the Audit Committee, the Board recommends appointment of Messrs. A. F. Ferguson & Co., Chartered Accountants (a member firm of the PwC network) as the statutory auditors of the Bank for the financial year 2025 in the forthcoming Annual General Meeting. The Auditors' remuneration for 2024 is disclosed in Note 30.3 of the annexed financial statements.

Events After Balance Sheet Date

There have been no material events that occurred subsequent to the date of the Balance Sheet that require adjustments to the financial statements.

Future Outlook

Pakistan continues to face economic challenges, including macroeconomic challenges, modest growth, and external sector vulnerabilities, but stabilization efforts under the IMF Stand-By Arrangement (SBA) and recent policy measures have improved macroeconomic conditions, easing external pressures and supporting a gradual recovery. Sustaining this progress requires fiscal consolidation, tax base expansion, subsidy rationalization, and strengthened social protection.

A market-driven exchange rate, efforts to rebuild foreign exchange reserves, and ensuring debt sustainability remain key priorities. Structural reforms in energy, governance, and financial sectors are essential to enhancing resilience, with a focus on reducing circular debt, improving energy sector viability, and fostering investment growth. As discussions with the IMF and international partners continue, policy discipline and reform implementation will be crucial for long-term stability and investor confidence.

The Bank plans to expand its network by opening 20 new branches while strategically enhancing its digital footprint to improve accessibility and customer experience.

Acknowledgment

We wish to express sincere gratitude to our customers, business partners and shareholders for their patronage and trust. The Board of Directors and the management would like to thank the State Bank of Pakistan, Securities & Exchange Commission of Pakistan, Federal Board of Revenue and other regulatory bodies for their guidance and support. We also sincerely appreciate the dedication, commitment and team work of all employees of the Bank who worked very hard to transform the Bank into a successful franchise.

On behalf of the Board of Directors,

Ahmad Tariq Azam

معاشی جھلکیاں

پاکستان کی معیشت ڈھانچہ جاتی اصلاحات، بین الاقوامی مالی تعاون، کرنٹ اکاؤنٹ کے محدود کئے گئے خسارے، افراط زر کی کمی اور مستحکم شرح تبادلہ کی بدولت استحکام اور معتدل نمو کے اشاریے ظاہر کر رہی ہے۔ بڑے پیمانے کے پیداواری شعبے نے درپیش مشکلات کے باوجود گزشتہ سال کے 5.7 فیصد کے نمایاں سکڑاؤ کی نسبت قابل ذکر بہتری کا مظاہرہ کیا ہے۔ اس مدت کے دوران بڑے پیمانے کی پیداواری صنعت کے 22 میں سے 12 شعبوں نے مثبت کارکردگی دکھائی اور کئی نمایاں صنعتوں جن میں آٹو، سیمینٹ، خوراک وغیرہ کے شعبے شامل ہیں، میں مسلسل نمو ظاہر کی۔ اسٹیٹ بینک آف پاکستان نے 31 دسمبر 2024ء کو اختتام پذیر سال کے دوران، پالیسی ریٹ میں 900 بی پی ایس کی کمی کرتے ہوئے اس کی شرح کو 13 فیصد پر مقرر کیا۔

بیرونی محاذ پر، کرنٹ اکاؤنٹ میں مالی سال 2025ء کی پہلی ششماہی (جولائی 2024 تا دسمبر 2024) کے دوران پچھلے سال کی اسی مابقی مدت کے 1,397 ملین امریکی ڈالر کے خسارے کے مقابلے میں 1,210 ملین امریکی ڈالر کا سرپلس دیکھا گیا۔ کرنٹ اکاؤنٹ کے خسارے میں کمی کے بنیادی عوامل میں 4,410 ملین امریکی ڈالر کی کارکنوں کی ترسیلات اور 1,342 ملین امریکی ڈالر کی برآمدات کا کردار رہا جو کہ، درآمدات میں ہونے والے 2,855 ملین امریکی ڈالر کے اضافے سے جزوی طور پر زائل بھی ہوا۔

بینک کے کاروباری نتائج اور مالیاتی تجزیہ:

بینک نے 31 دسمبر 2024ء کو اختتام پذیر سال کے دوران مندرجہ ذیل مالیاتی نتائج شائع کیے ہیں جن کا خلاصہ درج ذیل ہے:

(تمام رقم ملین روپے میں)

2023	2024	
4,480	3,662	کاروباری منافع
(2,286)	(1,758)	پروویژنز
2,193	1,550	منافع/(نقصان) قبل از محصولات
(958)	(850)	محصولات (ٹیکسیشن) اخراجات
1,235	699	منافع/(نقصان) بعد از محصولات
1.22	0.69	(فی حصص) شیئر آمدنی/(نقصان) (روپے)

اس زیر غور مدت میں خالص انٹرست آمدنی میں اپنے تقابلی عرصہ کی نسبت 9.6 فیصد کی کمی دیکھی گئی جس کی بنیادی وجہ پالیسی ریٹ میں تنزلی کا رجحان تھا۔ جو کہ اس مدت کے دوران 900 بی پی ایس کم ہوا۔ دوسری طرف نان انٹرست آمدنی 39.6 فیصد کے اضافے کے ساتھ 1,687 ملین روپے پر درج ہوئی۔ نان مارک اپ آمدنی میں اس اضافے میں بنیادی کردار نفع و نقصان میں شامل کئے گئے سرمایہ کاری کے کیپٹل گین کارہا جو کہ گزشتہ تقابلی سال کے 399 ملین روپے کے کیپٹل لاس (نقصان) کے تناسب میں 212 ملین روپے کے کیپٹل گین پر ریکارڈ کیا گیا۔ بینک نے اپنے ایکویٹی انویسٹمنٹ پورٹ فولیو پر بھی 815 ملین روپے کا (گُل) گین حاصل کیا جس کا اندراج آئی ایف آر ایس (IFRS) - 9 (نئے اکاؤنٹنگ اسٹینڈرڈ) کے مطلوبات کی مطابقت میں اسٹیمینٹ آف چینجز ان ایکویٹی (Statement of Changes in Equity) میں براہ راست کیا گیا۔ اخراجات کی مد میں ہونے والا اضافہ اوسط افراط زر کی 13.12 فیصد کی شرح سے کم رہا۔ جو کہ کئی نئے اقدامات جن میں برانچوں کی تعداد میں اضافہ، ٹیکنالوجی اپ گریڈ وغیرہ شامل ہیں، کی بدولت واقع ہوا۔

بینک اپنے پیداواری اثاثہ جات کی ترکیب اور اس کے ساتھ ساتھ کریڈٹ خدشات میں مسلسل بہتری اور درستی کے عمل کو جاری رکھے ہوئے ہے۔ بینک نے حکمت عملی کے تحت اپنی بیلنس شیٹ (میزانیے) کے حجم کو بڑھاتے ہوئے اس میں 3,789 ملین روپے کا اضافہ کیا ہے۔ جس میں سرمایہ کاری کی مد میں 29,863 ملین روپے کی بڑھوتی کی نمایاں شمولیت رہی جو کہ قرضہ جات میں ہونے والی 17,366 ملین روپے کی کمی سے جزوی طور پر زائل بھی ہوئی۔ واجبات کے حوالے سے، بینکوں کے مابین قرضہ جات میں 11,492 ملین روپے کا اضافہ درج ہوا جو کہ ڈیپازٹس میں ہونے والی 7,590 ملین روپے یا 6.6 فیصد کی کمی سے قدرے زائل ہوا۔

سال کے دوران، بینک نے اپنے برانچ نیٹ ورک میں 10 نئی برانچوں کے کامیاب اضافے کے ساتھ ان کی کل تعداد کو 57 برانچوں پر پہنچا دیا۔ یہ توسیع، مارکیٹ میں اپنی موجودگی کو مستحکم کرنے، صارفین کی رسائی میں اضافے اور رٹیل (Retail) بینکنگ کی وسیع نمو میں، معاون ثابت ہوگی۔

کریڈٹ ریٹنگ

پاکستان کریڈٹ ریٹنگ ایجنسی لمیٹڈ (پاکرا)، جو کہ ملک کی معروف کریڈٹ ریٹنگ ایجنسی ہے، نے بینک کی ایٹنٹی ریٹنگ کو ڈبل اے/اے ون (Double A/ A-1) کی سطح پر مستحکم پیش بینی کے ساتھ توثیق کیا ہے۔ یہ طویل المدت اور قلیل المدت درجہ بندیاں بینک کے اعلیٰ قرضہ جاتی معیار اور اس کے ساتھ مناسب محافظت کے عوامل اور اپنی مضبوط سیال پذیریری (لیکوڈیٹی) کی بدولت اپنی تمام مالیاتی ذمہ داریوں کی وقت پر ادائیگی کی اعلیٰ صلاحیت کی مظہر ہیں۔

☆ طرز عمل کے باضابطہ قوانین موجود ہیں جن سے بینک میں اخلاقی تہذیب و تمدن کے فروغ اور مفادات کے ٹکراؤ سے بچا جاسکے جو بطور بورڈ کے ارکان، سینئر انتظامیہ اور دیگر ملازمین کی حیثیت سے وقوع پذیر ہو سکتے ہوں۔ بورڈ بینک میں اخلاقی تہذیب کے طرز عمل کے فروغ کے لیے متعلقہ ضابطے اور طریقہ کار کے ساتھ مناسب اقدامات جاری رکھتا ہے۔

☆ غیر اخلاقی ضابطہ عمل سے پیدا ہونے والی کسی بھی شکایت کی نشاندہی اور اس کے ازالے کے لیے مناسب سسٹمز (نظام) اور کنٹرولز (انضباط) موجود ہیں۔

☆ بینک کی جانب سے حسابات کیلئے نہایت مناسب کھاتے بنائے گئے ہیں۔

☆ بینک کی جانب سے تیار کردہ مالیاتی گوشوارے اس کے معاملات کی واضح تصویر (معتدلانہ جائزہ)، اس کی کارکردگی کے نتائج، مجموعی آمدنی، نقد بہاؤ (کیش فلو) اور سرمایہ کی کمی (کی تبدیلی پیش کرتے ہیں۔

☆ موزوں حساب داری کی حکمت عملیوں کو کھاتوں کی تیاری کیلئے مسلسل طور پر جاری رکھا جاتا ہے۔ حساب داری کے انداز معقول اور محتاط رائے پر استوار کئے جاتے ہیں۔

☆ بین الاقوامی حساب داری کے معیار (انٹرنیشنل اکاؤنٹنگ سٹینڈرڈز) کے پاکستان میں اطلاق کی حد تک معاملات کو ان مالیاتی گوشواروں کی تیاری کے دوران مد نظر رکھا گیا ہے۔ تاہم ان سے معمولی صرف نظر، اگر کوئی ہو تو، اس کو نہایت وضاحت کے ساتھ بیان کیا گیا ہے۔

☆ اندرونی انضباط کا نظام اپنے خود خال میں مضبوط اور مستحکم ہے اور نہایت خوش اسلوبی سے نافذ کیا اور جانچا جاتا ہے۔

☆ بینک اپنی کارکردگی جاری رکھنے کی صلاحیت کے حوالے سے کسی بھی شک و شبہ سے بالاتر ہے۔

☆ کارپوریٹ گورننس کے بہترین ضابطہ عمل، جیسا کہ متعلقہ قوانین میں درج ہیں، سے کوئی قابل ذکر وگروہ دانی نہیں کی گئی۔

☆ پچھلے 6 سال کی اہم کارکردگی اور مالیاتی مواد (ڈیٹا) کا خلاصہ سالانہ رپورٹ میں شامل ہے۔

☆ 31 دسمبر 2024ء کو بینک کے حصص یافتگان کی ترتیب کے نمونے پر مشتمل گوشوارہ منسلک ہے۔

☆ پڑتال شدہ مالیاتی گوشواروں کے مطابق سالانہ 31 دسمبر 2024 تک کوئی بھی قانونی ادائیگی، ٹیکس کی مد میں یا ڈیوٹی۔ لیوی (عائد شدہ) یا کوئی اور خرچ واجب الادا نہیں ماسوائے ان کے جن کی وضاحت مالیاتی گوشواروں میں کردی گئی ہے۔

☆ کورڈ آف کارپوریٹ گورننس کے تحت بیانیہ منسلک ہے۔

☆ بینک کے مالیاتی گوشواروں کو بینک کے آڈیٹر میسرز کے پی ایم جی (KPMG) تاثیر ہادی اینڈ کمپنی چارٹرڈ اکاؤنٹینٹس نے بغیر کسی اعتراض کے آڈٹ کیا ہے؛

☆ ڈائریکٹرز کے پروفائلز اور دیگر اداروں میں انکی بطور ڈائریکٹرز حیثیت کے بارے معلومات اس سالانہ رپورٹ کے علیحدہ سیکشن میں فراہم کی گئی ہیں۔

اندرونی انضباط (انٹرنل کنٹرول) کا بیانیہ

بورڈ اندرونی انضباط (انٹرنل کنٹرول) کی قدر پیائی (جائزہ) سے متعلقہ انتظامیہ کے تجربے، جو اس سالانہ رپورٹ میں شامل ہے، کی بخوشی توثیق کرتا ہے۔

مطلوبہ جانچ و پڑتال (Due Diligence) کا عمل

سال کے دوران، سعودی نیشنل بینک (ایس این بی)، جو کہ بینک کا ملکیتی ادارہ ہے، نے بینک کو مطلع کیا ہے کہ اسے بینک الفلاح لمیٹڈ کی جانب سے سامبا بینک لمیٹڈ (سامبا پاکستان) میں ایس این بی کے 100 فیصد کے حصے جو سامبا پاکستان (کی مکینٹرانسریکشن) میں تقریباً 84.51 فیصد کے حصے کی نمائندگی ہے، کی مجوزہ فروخت کے لیے ایک غیر مشروط پیش کش موصول ہوئی تھی۔ ایس این بی نے اس بارے میں لاگو قوانین اور ضوابط کے تحت ضروری تعمیلات کے لیے اس غیر مشروط پیش کش کا جائزہ لینے پر اتفاق کیا ہے۔ اس مدت کے دوران، 12 نومبر 2024ء کو سعودی نیشنل بینک نے اعلان کیا کہ مناسب جانچ و پڑتال کے عمل کی تکمیل اور سامبا بینک لمیٹڈ (سامبا پاکستان) میں اپنے حصے کی فروخت کے اعادے کے بعد سعودی نیشنل بینک، سامبا پاکستان کے اکثریتی شیئر ہولڈر کے طور پر، سامبا پاکستان میں سعودی نیشنل بینک کے اپنے ایکویٹی حصے کی فروخت کے عمل کو منسوخ کرتا ہے۔

خداشات کے تدارک کا نظام (رسک مینجمنٹ فریم ورک)

مؤثر رسک مینجمنٹ (خداشات کے تدارک کا نظام) ہمارے کاروباری مقاصد کے حصول کا ایک بنیادی جزو ہے۔ لہذا یہ بینک کے رسک کلچر کا کلیدی مطمع نظر ہے۔ رسک مینجمنٹ کے مؤثر نظام کو یقینی بنانے کیلئے بورڈ آف ڈائریکٹرز اور بینک کی انتظامیہ اعلیٰ نے نہایت مستعدی اور جانفشانی کا مظاہرہ کرتے ہوئے تمام پالیسیوں، طریقہ کار اور حدود کا تعین کیا ہے۔ چنانچہ بینک کے پاس ایک جامع رسک مینجمنٹ کا نظام موجود ہے جو کہ رسک مینجمنٹ کے اصول، رہنمائی اور انتظامی اسلوب کا تعین کرتا ہے۔ اس نظام کے تحت بہت سی کمیٹیوں کی تشکیل کی گئی ہے، جو کہ بورڈ آف ڈائریکٹرز اور سینئر انتظامیہ کی جانب سے مختلف اقسام کے رسک (خداشات) بشمول قرض (کریڈٹ)، منڈیوں (مارکیٹ)، سیال پذیری (لیکویڈٹی)، کارکردگی، فراڈ، ماحولیاتی و سماجی، سائبر سیکیورٹی اور اے ایم ایل / سی بی ایف / سی ایف ٹی (AML/CPF/CFT) کی تعمیلات، سے متعلقہ خداشات کی مؤثر انداز میں نگرانی کرتی ہیں۔ ان معاملات کو مزید تفصیل سے، ان مالیاتی گوشواروں (ایکٹمنٹس) کے ساتھ منسلک نوٹ نمبر 45 میں واضح کیا گیا ہے۔

رسک مینجمنٹ کے نظام کے تحت بورڈ کی طرف سے منظور شدہ دائرہ کار میں رہتے ہوئے پورے بینک کے رسکوز (خداشات) کا انتظام، رسک کے عنصر کے مطابق ڈھالے گئے گوشواروں (ریٹرنز) کے فروغ کے مقاصد کو پورا کرتے ہوئے کیا جاتا ہے۔ بینک کے رسک مینجمنٹ کا نظام آزادانہ رسک مینجمنٹ کے طے شدہ اصولوں سے مزین منظم

(کارپوریٹ) نظم و نسق کو متوازن کرنے کیلئے بنایا گیا ہے۔ 2024ء کے مکمل سال کے دوران، بورڈ کی رسک کمیٹی کے تشکیل کردہ رہنمائی کے اصولوں کی بنیاد پر، مجموعی رسک مینجمنٹ کے نظم و ضبط میں بہتری اور عمدگی کیلئے کوششیں جاری رہیں۔

کوڈ آف کارپوریٹ گورننس کے تحت بیان/کارپوریٹ اور مالیاتی (فنانشل) رپورٹنگ کا نظام

بورڈ آف ڈائریکٹرز کوڈ آف کارپوریٹ گورننس کے تحت اپنی ذمہ داریوں سے مکمل آگاہ ہیں اور بخوشی بیان و تصدیق کرتے ہیں کہ:

☆ بینک سعودی عرب کے سعودی نیشنل بینک کا ذیلی ادارہ ہے جو 31 دسمبر 2024ء تک بینک کے 84.51 فیصد حصے کی ملکیت رکھتا ہے (84.51 فیصد - 2023)

☆ کمپنی کے انتظامی معاملات / اقدامات کی موزونیت اور بینک کی مجموعی کارپوریٹ حکمت عملی کی نگرانی کے لیے ویشن اور مشن اسٹیٹمنٹس (تصور اور مقاصد کا بیانیہ) کو بورڈ کی حسب ضرورت اور صوابدید کے تحت تیار، اختیار اور ان کا تجزیہ کیا گیا ہے۔

معاوضوں کے ضابطہ عمل سے متعلق نظر ثانی شدہ رہنما اصولوں کے تحت بیانیہ:

اسٹیٹ بینک آف پاکستان کی فراہم کردہ انتظام اور مشاہدہ کے طریقہ کار کے بارے میں راہنمائی اور اظہار کے اصولوں کی روشنی میں بینک نے ایک پالیسی ترتیب اور نافذ کی جو خاص طور پر ان ملازمین سے تعلق رکھتی ہیں جو خدشات کو اختیار یا اس کی نگرانی کے عمل کے ذمہ دار ہیں، مثلاً، میٹرل رسک ٹیکرز (ایم آرٹیز) اور میٹرل رسک کنٹرولرز (ایم آرٹیز) (Material Risk Controllers (MRCs) and Material Risk Takers (MRTs))۔ اس پالیسی کے بنیادی مقاصد میں خدشات کے تدارک کے لیے موزوں اور مضبوط انتظام کا فروغ، طویل المدت کارکردگی کی حوصلہ افزائی و تعاون اور اعلیٰ قابلیت کے حامل ملازمین کی دلچسپی، کام کو جاری اور متحرک رکھنے، جیسے عوامل شامل ہیں۔

یہ پالیسی، جس میں جانچنے کا طریقہ کار شامل ہے، ایم آرٹیز اور ایم آرٹیز (MRTs & MRCs) کی درجہ بندی کرتی ہے جن کے اہداف کا تعین، کارکردگی کی جانچ اور ان کے کام کی بجا آوری کو پرکھنے کے طریقہ کار کو ایک متوازن سکور کارڈ (score card) کی سوچ کے محور پر اخذ کیا گیا ہے، جس کا تعلق مالیاتی کارکردگی کے جائزے اور بینک میں مجموعی طور پر اس سے جوے خدشات کی بنیاد پر ہوتا ہے۔ ایم آرٹی / ایم آر سی کی شمولیت کے معیار اصول میں دونوں پہلوؤں کو مد نظر رکھا جاتا ہے، معیاری پہلو میں پریڈیکٹ اور سی ای او (CEO)، پریڈیکٹ اور سی ای او اور بورڈ اور بورڈ کی کمیٹیوں کو براہ راست جوابدہ، ناگزیر مینجمنٹ کمیٹیوں کے ممبران اور تمام اہم شعبہ جات کے سربراہان، جو کاروبار، اسکے خدشات اور ان پر قابو پانے اور اس کے ساتھ ساتھ مقدار کی معیار کے پہلوؤں جس میں تمام اہم خدشات کا احاطہ کیا گیا ہو، مثلاً کریڈٹ رسک، آپریشنل رسک، لیکویڈیٹی رسک اور مالیاتی اخراجات کی منظوری کا کم از کم / ابتدائی اختیار وغیرہ کے لیے ضروری اقدامات کرتے ہیں۔ تمام ایم آرٹیز / ایم آرٹیز کی کارکردگی کی جانچ خدشات کی مطابقت کے متوازن سکور کارڈ، جس میں مالیاتی اور غیر مالیاتی / معیاری اور اس ساتھ ساتھ خدشات کی مطابقت کے عوامل، جو خدشات اور ان کی تلافی میں ہم آہنگی قائم کرتے ہوں، کے ذریعے کی جاتی ہے۔ سکور کارڈ میں موجود ہر شق میں مختلف عوامل / موزوں شیخ مارک اور اہداف کی بنیاد پر کارکردگی کی جانچ کے لیے کے پی آرٹیز (KPIs) شامل ہیں۔

پالیسی کے تحت ازالہ جات کے معاوضوں کا ڈھانچہ مندرجہ ذیل پر مشتمل ہے:

۱۔ معین معاوضہ۔ جس میں ملازمین کو ماہانہ بنیاد پر کل تنخواہ، گریڈ اور عہدہ کی بناء پر معین الاؤنس اور فوائڈ شامل ہیں اور

ب۔ متغیر معاوضہ۔ جس میں کارکردگی کی بنیاد پر سالانہ بونس / معیادی فوائد کی شکل میں معاوضوں کی ادائیگی شامل ہے۔

معین معاوضوں کی ترکیب ایک انفرادی ملازم کے کام اور عہدہ، پیشہ وارانہ قابلیت، سناریٹی، تعلیم، ذمہ داری، کام کی پیچیدگی، داخلی مارکیٹ کے حالات وغیرہ پر منحصر ہوتی ہے۔ جبکہ متغیر معاوضوں میں بینک کے، گروپ کے، کاروباری یونٹ / شعبہ کے اور انفرادی کارکردگی کے جائزے کو ادائیگیوں کے تعین کے لیے استعمال کیا جاتا ہے۔

تمام اہل ایم آرٹیز / ایم آرٹیز کی متغیر معاوضوں کا ایک مخصوص حصہ کو ملازمین اور دیگر اسٹیک ہولڈرز (stake holders) کے مفاد میں ایک مخصوص مدت (تین سال) کے لیے مؤخر کیا جائے گا اور اس کا تعلق ان کی طویل مدت پائیدار کارکردگی سے جوڑا دیا جائے گا۔ مؤخر رقم کے حصے کا تعین، جس کی حد 20 فیصد سے 30 فیصد ہے، متعلقہ ایم آرٹی اور ایم آر سی کی درجہ بندی کی بنیاد پر ہوگا۔ جس میں پریڈیکٹ اور سی ای او، سینئر انتظامیہ اور دیگر ایم آرٹیز اور ایم آرٹیز شامل ہیں۔ مؤخر شدہ معاوضے، اعلان شدہ متعلقہ سال سے اگلے تین سال کی مدت کے ملکیتی تناسب میں رکھے جائیں گے اور ملازمین کو مطلوبہ تناسب میں سالانہ قسطوں میں ادا کئے جائیں گے۔ چند مخصوص شفاف خدشات، رویے اور چال چلن یا کارکردگی کے نتائج کے باعث غیر حاصل شدہ معاوضوں میں کمی یا ان کی منسوخی کے سدباب کے لیے ضروری اخراجات (پروویڈنٹس) کا اندراج کیا جا چکا ہے۔ ضوابطی شعبوں جن میں رسک مینجمنٹ، کریڈٹ، کمپلائنس، انٹرنل آڈٹ، فنانشل کنٹرول، لیگل وغیرہ شامل ہیں، میں کام کرنے والے ایم آرٹیز کے معاوضوں کا تعین ان کی نگرانی میں کام کرنے والے کاروباری یونٹس سے قطع نظر آزادانہ طور پر کیا جاتا ہے۔ بونسز کی ضمانت دینے کی اجازت نہیں ہے۔

ضوابطی مطلوبات کے عین مطابق بینک کے پاس غیر انتظامی ڈائریکٹرز پر مشتمل اور ایک آزاد ڈائریکٹر کی سربراہی میں ایک بورڈ نو مینیشن اینڈ رومریشن کمیٹی (بی این آر سی) Board Nomination & Remuneration Committee (BNRC) موجود ہے۔ اگرچہ بورڈ آف ڈائریکٹرز پورے بینک پر محیط معاوضوں کی ادائیگیوں کے نظام کے نفاذ کے تجزیے، منظوری اور نگرانی کے مجموعی طور پر ذمہ دار ہیں تاہم، بی این آر سی (BNRC) بینک کے معاوضوں کی ادائیگی کے مجموعی خدوخال اور دیکھ ریکھ کی ذمہ دار ہے۔ بی این آر سی (BNRC) بورڈ کی منظوری کے لیے سینئر انتظامیہ کے لیے سالانہ کارکردگی کے ایوارڈ کو منظور / تجویز بھی کرتی ہے۔

☆ بورڈ کی کمیٹیوں کی بناوٹ اور ان کے کام کے طریقہ کار (ٹرمز آف ریفرنسز) کا خلاصہ اس سالانہ رپورٹ کے علیحدہ سیکشن میں فراہم کیا گیا ہے۔

☆ ایسے تمام ڈائریکٹرز جن سے کارپوریٹ گورننس ریگولیٹری فریم ورک (سی جی آر ایف) کے سیکشن جی۔9 (8) کے تحت ڈائریکٹر سرٹیفیکیشن مطلوب تھا انہوں نے ڈائریکٹر سرٹیفیکیشن کے اپنے پروگرام کی تکمیل کی ہے۔

☆ ڈائریکٹرز کی فیس کی ادائیگی بورڈ کی منظور شدہ ریومنریشن (معاوضوں) پالیسی کے تحت کی جاتی ہے اور اس بارے میں کمپنیز ایکٹ 2017، کوڈ آف کارپوریٹ گورننس (سی جی جی) اور اسٹیٹ بینک آف پاکستان کی ریگولیشنز (ہدایات) کو ملحوظ خاطر رکھا جاتا ہے۔

☆ سی سی جی کی مطلوبات کے مطابق بینک آزاد اور غیر انتظامی ڈائریکٹرز کی نمائندگی کی حوصلہ افزائی کرتا ہے۔ فی الوقت بینک کا بورڈ آف ڈائریکٹرز تین آزاد ڈائریکٹرز، پانچ غیر انتظامی ڈائریکٹرز اور ایک انتظامی ڈائریکٹر پر مشتمل ہے۔

☆ بورڈ اپنی کارکردگی بینک کی مجموعی کارکردگی سے جانچتا ہے۔ ڈائریکٹرز بورڈ کے اجلاس باقاعدگی سے شرکت کرتے ہیں اور ان کی کاروائی میں بھرپور کردار و دلچسپی لیتے ہیں۔ بورڈ اس امر کو یقینی بناتا ہے کہ بینک اپنی کارکردگی کے تمام شعبوں میں کارپوریٹ گورننس بہترین معیار کو اختیار کرے اور مضبوط داخلی انضباط کے نظام کا حامل ہو۔ بورڈ معاشرتی اور ماحولیاتی عوامل کی بنیاد پر بینک کی اپنی پائیدار حکمت عملی کے بارے میں ذمہ داریوں کا مکمل ادراک رکھتا ہے اور اس بارے میں رہنما اصول بھی مرتب کرتا ہے، تاکہ ان تمام معاملات پر عہدہ برائی کے جاری عمل کو یقینی بنایا جاسکے۔

بورڈ کے اجلاس:

اس زیر نظر عرصے میں بورڈ کے آٹھ (8) اجلاس اور اس کے ساتھ بورڈ کی ذیلی کمیٹیوں کے اکیس (21) اجلاس منعقد ہوئے۔ بورڈ ان ڈائریکٹرز کو حاضری سے استثناء عطا کرتا ہے جنہوں نے اجلاس میں شرکت نہیں کی۔ منعقد شدہ اجلاسوں کی تعداد اور ان میں ہر ڈائریکٹر کی شرکت کی تفصیل درج ذیل ہے:

ڈائریکٹرز اور ایگزیکٹو کے حصص کا حصول

حصص کی ملکیت کی ترتیب اور حصص کی ملکیت کی ترتیب سے متعلقہ اضافی معلومات علیحدہ سے منسلک ہیں۔ علاوہ ازیں، بینک کے ایگزیکٹوز جناب خرم علیم شہزاد نے انفرادی طور پر بینک کے 10,000 حصص کی خرید و فروخت کی اور جناب تاجدار حسین نے 1,500 حصص خریدے اور 1,000 حصص فروخت کیے۔

آڈیٹرز

بینک کے بیرونی (ایکسٹرنل) ریٹائرنگ آڈیٹرز میسرز کے پی ایم جی (KPMG) تاثیر ہادی اینڈ کمپنی چارٹرڈ اکاؤنٹینٹس نے اپنی 5 سال کی تعیناتی کی مدت پوری کر لی ہے۔ چنانچہ، بورڈ آف ڈائریکٹرز، آڈٹ کمیٹی کی تجویز پر اپنے آنے والے سالانہ عام اجلاس میں میسرز اے ایف فرگوسن اینڈ کمپنی چارٹرڈ اکاؤنٹینٹس (جو کہ پی ڈبلیو سی (PwC) نیٹ ورک کی ممبر فرم ہے) کو مالی سال 2025ء کے لیے بینک کے قانونی آڈیٹرز کے طور پر تقرر کیلئے تجویز کرتا ہے۔ سال 2024ء کے لیے آڈیٹرز کے معاوضوں کا ذکر مالیاتی گوشواروں کے ساتھ منسلک نوٹ نمبر 30.3 میں کیا گیا ہے۔

میزرانیہ (ہیلنس شیٹ) کی تاریخ کے بعد کے واقعات

میزرانیہ (ہیلنس شیٹ) کی تاریخ کے بعد کوئی ایسا قابل ذکر واقعہ رونما نہیں ہوا جس کی بدولت مالیاتی گوشواروں میں مطابقت کی ضرورت ہو۔

مستقبل کی پیش بینی

پاکستان کو معاشی چیلنجز، جن میں کلاں معاشی خدشات، معتدل نمو اور بیرونی شعبے کی حساسیت شامل ہیں، کا مسلسل سامنا ہے۔ تاہم، آئی ایم ایف کے اسٹینڈ بائی اریجنٹ کے تحت استحکام کی کوششوں اور حالیہ پالیسی اقدامات سے کلاں معاشی صورتحال میں بہتری، بیرونی دباؤ میں آسانی اور بتدریج بحالی کے عمل کو مدد حاصل ہوگی۔ اس پیش رفت کو برقرار رکھنے کے لیے مالی استحکام، ٹیکس ٹیس میں اضافہ، سب سڈی میں معقولیت اور سماجی تحفظ کو مضبوط بنانا ناگزیر ہے۔

مارکیٹ پر منحصر شرح تبادلہ، غیر ملکی زرمبادلہ کے ذخائر کی تعمیر نو کے اقدامات اور قرض میں پائیداری کو یقینی بنانا اہم ترجیحات ہیں۔ توانائی کے شعبے، نظم و نسق (گورننس) اور مالیاتی شعبے میں بنیادی اصلاحات، جن کا مقصد گردش قرضوں میں کمی، توانائی کے شعبے کی افادیت میں اضافہ اور سرمایہ کاری میں نمو کو فروغ دینا ہو، معاشی پلک میں بڑھوتی کے لیے نہایت ضروری عوامل ہیں۔ جیسا کہ آئی ایم ایف اور دیگر بین الاقوامی شراکت داروں کے ساتھ بات چیت کا عمل جاری ہے، پالیسی نظم و ضبط اور اصلاحات کا نفاذ، طویل مدت استحکام اور سرمایہ کاروں کے اعتماد کے لیے اہم ہے۔

بینک 20 نئی برانچیں کھول کر اپنے نیٹ ورک کو مزید وسعت دینے کا ارادہ رکھتا ہے، جبکہ اپنے صارفین کی ضروریات اور رسائی میں مزید بہتری کے لیے اپنے ڈیجیٹل فٹ پرنٹ (نقش قدم) میں اضافے کے لیے کوشاں ہے۔

اظہار تشکر

ہم اپنے صارفین اور کاروباری شراکت داران اور حصص یافتگان کے ان کے اعتماد اور خلوص پر نہایت مشکور ہیں۔ بورڈ آف ڈائریکٹرز اور بینک کی انتظامیہ، بینک دولت پاکستان، سکیورٹی آپریشنز آف پاکستان، ایف بی آر اور دیگر ضوابطی اداروں کی رہنمائی پر ان کے شکر گزار ہیں۔ اس کے علاوہ ہم اپنے بینک کے تمام ملازمین کی تہہ دل سے حوصلہ افزائی کرتے ہیں جن کی لگن، عزم اور ٹیم ورک نے بینک کو ایک کامیاب ادارے میں تبدیل کر دیا ہے۔

Statement of Internal Controls

Management of the Bank is responsible for establishing and maintaining adequate controls for providing reasonable assurance on effective and efficient operations, internal financial controls and compliance with laws and regulations. Internal Controls are designed to mitigate, rather than eliminate, the risk of failure to achieve business objectives, and can only provide reasonable assurance against risk of material misstatement or loss. Whilst the development of Internal Control systems is an ongoing process, controls are embedded in respective departmental Policies and Procedures and self-tested on a quarterly basis.

The responsibility for adherence to controls mainly lies with the First Line of Defense. The Bank has formed various Management Committees for continuous oversight over the controls' environment. Further, the Bank has clearly defined roles for certain control functions such as Audit & Risk Review (ARR), Compliance, Operational Risk Management Department (ORMD) and Finance in its Internal Controls Policy. ARR periodically carries out audits of branches and departments to monitor compliance with the Bank's controls and regulatory requirements. Likewise, the Compliance Function assists Senior Management in effectively managing the regulatory compliance through various Reviews and Advisories. The ORMD function within the Risk Management Group carries out quality assurance reviews of processes and transactions of branch banking operations, to monitor compliance with the procedures and policies. Risk & Controls Self-Assessment (RCSA) regime has been implemented throughout the Bank, whereby each business/function, under the guidance of their respective Group Head, ORMD, ICFR Unit and Compliance Function, undertakes a quarterly self-testing exercise to test the effectiveness of their operational, financial and regulatory risks & controls. To institutionalize a robust Operational Risk Management culture, Key Risk Indicators (KRIs) for each function have been identified along with tolerance limits. The Internal Control - ICFR Unit under Finance assists the Management in formulating an effective ICFR system, in line with the applicable regulations and its regular monitoring. An accountability process is in place to ensure the effectiveness of the overall control environment. Further, the Management gives due consideration to recommendations made by internal & external auditors and regulators, especially for improvements in internal control systems and processes, and takes timely action to implement their recommendations.

To implement Internal Control Guidelines, as required by the State Bank of Pakistan, ARR reviewed the detailed exercise of documenting and benchmarking existing internal processes and controls, relating to financial reporting on the basis of international standards. This project assists in further improving internal controls across the Bank and ensures compliance with the SBP requirements. The Bank has taken corrective action to timely implement the improvements identified during the previous ICFR Assessments and will follow a formal action plan to timely address any deficiencies identified in the ongoing assessments. As per the SBP roadmap, the Bank has completed all stages and is in compliance with SBP instructions and has obtained exemption from the State Bank of Pakistan for submission of Long Form Report (LFR) certified by external auditors. As a result, ARR prepares the "Annual Assessment Report on efficacy of Bank's Internal controls over financial reporting" under the Internal Controls framework which is approved by the Board of Directors. Furthermore, submission of this Annual Assessment Report to SBP has been discontinued vide BSD circular Letter No. 1 of 2021. The Management considers the existing internal controls system of the Bank, including ICFR, to be adequate, with appropriate implementation and regular monitoring, however, room for improvement exists.

The Board of Directors is ultimately responsible for the Bank's Internal Control system and endorses the above evaluation of Internal Controls system by Management, in the Directors' Report.

Key initiatives undertaken during the year include:

- Launch of Enhanced Digital Banking Platforms: To address the evolving needs of our customers and mitigate the risks associated with digital banking, we launched a new and improved mobile banking and internet banking platform. These platforms incorporate robust security features.
- Customer Education and Awareness Campaigns: As part of our commitment to safeguarding our customers, we conducted education and awareness outreach program. Through this initiative, we engaged non-Samba customers and provided critical information on recognizing and avoiding online scams, phishing attempts, other digital frauds along with consumer protection framework and banking products. This program reflects our proactive approach to empowering customers with the knowledge and tools needed to protect themselves in an increasingly digital world.

Independent Auditors' Review Report to the Members on the Statement of Compliance Contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Samba Bank Limited ('the Bank') for the year ended 31st December 2024 in accordance with the requirements of regulation No. 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Bank. Our responsibility is to review whether the Statement of Compliance reflects the status of the Bank's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Bank's personnel and review of various documents prepared by the Bank to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance procedures and risks.

The Regulations require the Bank to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Bank's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Bank for the year ended 31st December 2024.

(iii) ایگزیکٹو ڈائریکٹر، اسپانسرڈ ایگزیکٹر، اسپانسر کا نامزد کردہ ڈائریکٹر، یا صدر/چیف ایگزیکٹو آفیسر کی حیثیت سے کسی ملکیتی کاروبار، شرکاتی فرم، یا کارپوریٹ ادارے (پبلک سیکٹر آرگنائزیشن کے علاوہ) سے وابستہ ہو، جو کسی مالیاتی ادارے کے بقایا جات کی ادائیگی میں ناہندہ ہو؛

(iv) اسٹیٹ بینک آف پاکستان یا کسی دیگر مقامی یا غیر ملکی ریگولیٹری اتھارٹی، پیشہ ورانہ تنظیم، یا سرکاری ادارے کے ضوابط اور معیارات/مطلوبہ درکار ضروریات کی خلاف ورزی کا مرتکب ہو، جس کے نتیجے میں اس کی بینک/ڈی ایف آئی کے ساتھ وابستگی ناپسندیدہ سمجھی جائے؛

(v) کوئی نامزد فرد/ممنوعہ فرد ہو یا کسی نامزد شدہ فرد/ممنوعہ فرد سے براہ راست یا بالواسطہ وابستہ ہو؛

(vi) کسی سنگین جرم میں ملوث ہو یا ایسے کسی شخص سے براہ راست یا بالواسطہ وابستہ ہو جو منی لانڈرنگ، دہشت گردی کی مالی معاونت، یا انسداد منی لانڈرنگ ایکٹ 2010 کے شیڈول میں درج کسی بھی بنیادی جرم میں سزا یافتہ ہو۔

یہ امر بھی قابل ذکر ہے کہ اسٹیٹ بینک آف پاکستان (SBP) کے ضوابط کے تحت کوئی بھی شخص ایک سے زائد بینک یا ڈی ایف آئی (DFI) میں بطور ڈائریکٹر خدمات انجام دینے کا مجاز نہیں ہے۔ مزید برآں، ڈائریکٹر ز اپنی متعلقہ ذمہ داریوں کا چارج اس وقت تک سنبھال نہیں سکتے جب تک کہ اُن کی تقرریاں SBP کی تحریری منظوری سے مشروط نہ ہوں۔

6۔ متعلقہ دستاویزات کی نقل بینک کے کمپنی سیکریٹری کے دفتر سے حاصل کی جاسکتی ہے یا SBP کی ویب سائٹ سے ڈاؤن لوڈ بھی کی جاسکتی ہے۔

7۔ سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان کے 2019 / SRO 1196 (I)، مورخہ 03 اکتوبر 2019 کے مطابق، امیدواروں کے تفصیلی پروفائلز اور دفتری پتے بینک کی ویب سائٹ پر دستیاب کر دیے جائیں گے۔

8۔ حصص یافتگان کے پتے اور دیگر تفصیلات کی تبدیلی:

ممبران جو فزیکل شیئرز رکھتے ہیں، اُن سے درخواست کی جاتی ہے کہ وہ اپنے پتوں یا دیگر تفصیلات میں تبدیلی کی صورت میں بینک کے شیئر رجسٹرار کو فوری مطلع کریں۔ ایسے حصص یافتگان جو الیکٹرانک شیئرز رکھتے ہیں وہ اپنے پتے میں کسی تبدیلی کے حوالے سے اپنے شراکت داروں یا سی ڈی سی انویسٹر اکاؤنٹ سروسز کو مطلع کریں۔

مزید یہ کہ کمپنیز ایکٹ 2017 کے سیکشن 119 اور کمپنیز ریگولیشنز 2024 کے ریگولیشن 47 کی درکار ضروریات کی پیروی کرتے ہوئے تمام سی ڈی سی اور فزیکل شیئر ہولڈرز سے درخواست کی جاتی ہے کہ وہ اپنے ای میل ایڈریس اور فون نمبر ز اپنے فزیکل فولیو یا سی ڈی سی اکاؤنٹ میں اپ ڈیٹ کریں۔

9۔ سالانہ اجلاس عام میں شرکت کی شرائط:

(۱) انفرادی صورت میں، اکاؤنٹ ہولڈر یا ذیلی اکاؤنٹ ہولڈر جن کی رجسٹریشن کی تفصیلات سینٹرل ڈپازٹری کمپنی آف پاکستان لمیٹڈ ("CDC") ضوابط کے مطابق اپ لوڈ کی گئی ہیں وہ سالانہ اجلاس عام میں شرکت کے وقت اپنا اصل کمپیوٹرائزڈ قومی شناختی کارڈ (CNIC) یا اصل پاسپورٹ دکھا کر اپنی شناخت کی تصدیق کروائیں گے۔

(۲) کارپوریٹ ادارے کی صورت میں پراسسز کو فارم کے ساتھ بورڈ آف ڈائریکٹرز کی قرارداد/پاور آف اٹارنی بمع نامزد کردہ فرد کے دستخط کے نمونے سالانہ اجلاس عام کے وقت پیش کرنا ہوں گے، اگر پراسسز کو فارم کے ساتھ بینک کو پہلے فراہم نہیں کئے گئے ہیں۔

10۔ سالانہ اجلاس عام میں الیکٹرانک ذرائع سے شرکت:

بینک تمام حصص یافتگان کو ویڈیولنک کے ذریعے سالانہ اجلاس عام میں شرکت کی سہولت فراہم کرے گا۔ حصص یافتگان کو ویڈیولنک کی سہولت کے ذریعے سالانہ اجلاس عام کی کارروائی

17- سینٹرل ڈپازٹری کمپنی کے CCDR ویب پورٹل میں رجسٹریشن:

سینٹرل ڈپازٹری کمپنی (CDC) نے اپنی ای سروسز کے ویب پورٹل پر ایک سینٹرلائزڈ کیش ڈیویڈنڈ رجسٹر (CCDR) تیار کیا ہے، جس میں درج کمپنیز کے ذریعے ادا کیے گئے، غیر ادا شدہ یا روکے گئے کیش ڈیویڈنڈز کی تفصیلات موجود ہیں۔ سینٹرلائزڈ کیش ڈیویڈنڈ رجسٹر (CCDR) ادا شدہ ڈیویڈنڈز کا حالیہ ریکارڈ محفوظ رکھتا ہے اور متعلقہ شیئر ہولڈرز کو ان کے ڈیویڈنڈز کی تفصیلات تک رسائی فراہم کرتا ہے، جن میں اکٹھی/زکوٰۃ کی کٹوتی (اگر کوئی ہو) اور ان کے اکاؤنٹس میں جمع کی گئی مجموعی رقم شامل ہے۔

بینک کے شیئر ہولڈرز سے درخواست ہے کہ وہ مذکورہ سہولت حاصل کرنے کیلئے CDC کے ای سروس پورٹل <https://eservices.cdcaccess.com.pk> پر رجسٹریشن کروائیں:

18- غیر دعویٰ شدہ ڈیویڈنڈ/شیئرز (کمپنیز ایکٹ 2017 کے سیکشن 244 تحت):

بینک کے غیر دعویٰ شدہ ڈیویڈنڈ/شیئرز کی تازہ ترین فہرست، جو تین سال یا اس سے زائد عرصے تک غیر دعویٰ شدہ رہی ہے، بینک کی ویب سائٹ www.samba.com.pk/samba/overviews/notices پر دستیاب ہے۔

شیئر ہولڈرز کلیم فارم کے ذریعے اپنا دعویٰ درج کروا سکتے ہیں، جو بینک کی ویب سائٹ پر موجود ہے۔ یہ کلیم فارم بینک کے شیئر رجسٹرار کے پاس جمع کروایا جائے تاکہ ڈیویڈنڈ/شیئرز کی وصولی ممکن ہو سکے۔

19- کمپنیز پر کسی فارم:

پر کسی فارم منسلک ہے اور بینک کی ویب سائٹ www.samba.com.pk/samba/overviews/notices پر بھی دستیاب ہے۔

کمپنیز ایکٹ 2017 کے سیکشن (3) 166 تحت بیان:

ایجنڈا آئٹم نمبر 4

بینک کے آزاد ڈائریکٹرز کے انتخاب کے حوالے سے کمپنیز ایکٹ 2017 کے سیکشن (3) 166 کے تحت بیان:

آزاد ڈائریکٹرز کا انتخاب کمپنیز ایکٹ 2017 کے سیکشن 159 کی شرائط کے تحت کیا جائے گا اور یہ ڈائریکٹرز کمپنیز ایکٹ 2017 کے سیکشن (2) 166 میں درج معیارات پر پورا اتریں گے۔

13- سی این آئی سی (کمپیوٹرائزڈ قومی شناختی کارڈ) جمع کروانا (لازمی شق):

(i) ایسے تمام حصص یافتگان جنہوں نے ابھی تک اپنے فعال سی این آئی سی یا فعال پاسپورٹ کی نقل (بینک) کو جمع نہیں کروائی ہے، ان کو ایک مرتبہ پھر یاد دہانی کروائی جاتی ہے کہ وہ یہ دستاویز 9 اپریل 2025ء تک ارسال کر دیں۔ سی این آئی سی نمبر/این ٹی این کی تفصیلات لازمی ہیں اور یہ فیڈرل بورڈ آف ریونیو ("FBR") کی جانب سے وقتاً فوقتاً جاری کردہ ایکٹیوٹیکس دہندگان کی فہرست (ATL) میں حصص یافتہ کانٹیکس اسٹیٹس چیک کرنے کے لئے بھی ضروری ہیں۔

(ii) انفرادی حصص یافتگان (بشمول تمام مشترکہ حصص یافتگان) جن کے پاس بینک کے اصل شیئرز ٹیکلیٹ موجود ہیں اُن سے درخواست کی جاتی ہے کہ وہ اپنے فعال سی این آئی سی کی ایک نقل (بینک) یا اس کے رجسٹرار کو فوری جمع کرائیں، اگر قبل ازاں فراہم نہیں کی گئی ہے۔ حصص یافتگان سی این آئی سی بھیجتے وقت حوالے کے طور پر اپنا متعلقہ فلیو نمبر ضرور تحریر کریں۔

(iii) فعال سی این آئی سی کی نقل نہ ملنے کی صورت میں، بینک کمپنیز ایکٹ، 2017 کی دفعہ (3) 243 ("کمپنی ایکٹ") کے تحت ایسے حصص یافتگان کے ڈیویڈنڈ کی ادائیگی روکنے پر مجبور ہو گا۔

14- نقد ڈیویڈنڈ کی الیکٹرانک طور پر ادائیگی کے لئے IBAN کی فراہمی (لازمی شق):

(i) کمپنیز ایکٹ 2017ء کے سیکشن 242 کے مطابق بینک لسٹ کمپنی کے لئے لازم ہے کہ وہ اپنے اہل حصص یافتگان کو براہ راست اُن کے نامزد کردہ بینک اکاؤنٹ میں صرف الیکٹرانک ذریعے سے نقد ڈیویڈنڈ ادا کرے۔

(ii) لہذا تمام حصص یافتگان جنہوں نے اپنے بینک اکاؤنٹ کی تفصیلات فراہم نہیں کی ہیں ایک بار پھر اس نوٹس کے ذریعے اُن سے درخواست کی جاتی ہے کہ اپنا درست اور مکمل 24 ہندسوں والا IBAN نمبر متعلقہ بینک کے نام، برانچ کے پتے، سی این آئی سی نمبر اور درست ای میل ایڈریس، الیکٹرانک حصص کے لئے سی ڈی سی کے متعلقہ شرکاء/انویسٹرا کاؤنٹ سروس میں اور فیکل شیئر ہولڈنگ کی صورت میں ہمارے شیئرز رجسٹرار، میسرز فیکو شیئرز رجسٹریشن سروسز (پرائیویٹ) لمیٹڈ کے مذکورہ پتے پر ارسال کر کے تجدید کروائیں۔ اس کے ذریعے سے پچھلے بھایا ڈیویڈنڈ کی ادائیگی بھی ممکن ہو جائے گی۔

(iii) برائے کرم نوٹ کر لیں کہ کمپنیز ایکٹ 2017ء کے سیکشن (3) 243 کے مطابق، لسٹ کمپنیز حصص یافتگان کی جانب سے ضروری معلومات موصول نہ ہونے کی صورت میں ڈیویڈنڈ کی ادائیگی روکنے کی مجاز ہیں۔

(iv) حصص یافتگان کی سہولت کے لئے ای ڈیویڈنڈ مینیڈیٹ فارم بینک کی ویب سائٹ پر دستیاب ہے۔

15- پوسٹل بیلٹ/ای۔ ووٹنگ:

خود کو انتخابات کے لیے پیش کرنے والے افراد کی تعداد کمپنیز ایکٹ 2017 کے سیکشن 159 کے ذیلی سیکشن (1) کے تحت مقرر کردہ ڈائریکٹرز کی تعداد سے زیادہ ہو، تو کمپنیز ایکٹ 2017 کے سیکشن 143 اور 144 کی شرائط کے مطابق، بینک اپنے اراکین کو ای۔ ووٹنگ اور ڈاک کے ذریعے ووٹنگ کے اختیارات فراہم کرے گا، جیسا کہ کمپنیز کی شرائط (پوسٹل بیلٹ) ریگولیشنز، 2018 میں درج ہے۔

ای۔ ووٹنگ کے خواہشمند شیئر ہولڈرز سے درخواست ہے کہ وہ اپنا اپڈیٹ شدہ اور فعال ای میل ایڈریس اور موبائل نمبر بینک کے شیئر رجسٹرار میں فزیکل فلیو کے ساتھ اور اپنے متعلقہ پارٹیسپنٹ یا بروکر/CDC انویسٹرا کاؤنٹ سروسز میں (جہاں ان کے شیئرز ڈیجیٹل طور پر رکھے گئے ہیں) شامل کروائیں۔

16- فزیکل شیئرز کی بک انٹری فارم میں منتقلی کی ہدایت:

بینک کے وہ شیئر ہولڈرز جن کے پاس فزیکل شیئرز سرٹیفکیٹس موجود ہیں، انہیں مشورہ دیا جاتا ہے کہ وہ اپنے شیئرز کو سینٹرل ڈپازٹری کمپنی (CDC) کے بک انٹری سسٹم میں منتقل/تبدیل کروائیں، جیسا کہ کمپنیز ایکٹ 2017 کے سیکشن 72 کے تحت درکار ہے۔

FINANCIAL STATEMENTS

Independent Auditor's Report To The Members Of Samba Bank Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statements of Samba Bank Limited ("the Bank"), which comprise the statement of financial position as at 31 December 2024 and the statement of profit and loss account, the statement of comprehensive income, the statement of changes in equity and the cash flow statement for the year then ended, along with unaudited certified returns received from the branches except for thirteen branches which have been audited by us and notes to the financial statements, including a material accounting policy information and other explanatory information and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit and loss account, the statement of comprehensive income, the statement of changes in equity and the cash flow statement together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan, and, give the information required by the Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Bank's affairs as at 31 December 2024 and of the profit, other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key Audit Matters:

S.No.	Key Audit Matters	How the matter was addressed in our audit
1	Credit loss allowance against loans and advances to customers measured at amortised cost (Refer note 10 to the financial statements) As at 31 December 2024, the Bank's gross loans and advances to customers measured at amortised cost was Rs 66,121.14 million, and the related credit loss allowance / provision was Rs 10,051.27 million. In accordance with BPRD Circular No. 07 of 2023, the Bank has adopted IFRS 9, as per the application instructions issued by the State Bank of Pakistan (SBP), effective 1 January 2024. This adoption mandates the recognition of Expected Credit Losses (ECL) on advances, including non-funded exposures. The Bank now uses the ECL model to calculate the loss allowance for loans and advances to customers measured at amortised cost in accordance with IFRS 9. The management exercised significant judgements and estimation in its assessment of credit loss allowance on loans and advances to customers measured at amortised cost. They include: - determination of staging of loans and advances to customers including determining whether the credit risk has increased significantly and credit impairment events have occurred; and	Our audit procedures, amongst others, included the following: • Assessing the design and implementation of key controls established by the Bank over measurement of ECL and provision calculated as per PR. We involved our in-house specialist who assisted in the following: - assessing the reliability and appropriateness of the ECL methodologies for compliance with application instructions as issued by SBP for IFRS 9; - assessing the reasonableness of macro- economic variable and economic forecasts by comparing these to external sourced data extracted; and - performing independent testing of the Expected Credit Loss (ECL) allowance on a sample basis. • Ensuring completeness of the key inputs into the ECL calculations with their respective sub ledgers and general ledgers.

S.No.	Key Audit Matters	How the matter was addressed in our audit
	- the determination of key parameters used in the ECL model including probability of default (PD), loss given default (LGD), exposure at default (EAD), and forward-looking information. In line with the application instructions as issued by SBP for IFRS 9, the Bank must compare the ECL for Stage 3 advances with the provision determined under the Prudential Regulations (PR) issued by the SBP. The PR requires specific provisioning against the advances on the basis of time-based criteria which should be supplemented by a subjective evaluation of Bank's credit portfolio. The determination of provision against advances, therefore, involves use of management's judgement, on a case-to-case basis, taking into account factors such as the economic and business conditions, borrowers' repayment behaviors and realizability of collateral held by the Bank. Due to the significance of ECL allowance / provision on loans and advances to customers measured at amortised cost and the significant judgements and estimation exercised by management in estimating ECL / provision, we considered the area of ECL / provision against advances as a key audit matter.	In accordance with the regulatory requirement, we sampled and tested at least sixty percent of the total advances portfolio and performed the following substantive procedures for sample loan accounts: - verifying repayments of advances / mark-up installments and checked that non-performing loans have been correctly classified and categorized based on the number of days overdue; - examining watch list accounts and based on review of the individual facts and circumstances, discussions with management and our assessment of financial conditions of the borrowers formed a judgement as to whether classification of these accounts as performing was appropriate; and - assessing the accuracy of specific provision made against non-performing advances by recomputing the provision amount in accordance with the criteria prescribed under the PR. • Assessing the appropriateness of SICR criteria applied by the Bank by ensuring that the SICR criteria and staging methodology are consistent with the relevant application instructions as issued by SBP for IFRS 9. • Assessing the appropriateness of ECL on advances classified as Stage 3 by performing a comparison of ECL computed, through the use of methodology and models with the provision required to be computed as required under the PR to ensure that an amount which is higher of the ECL and PR requirements is appropriately recognized for these stage 3 advances pursuant to the requirements of application instructions as issued by SBP for IFRS 9. • Evaluating the adequacy of the disclosures made in the financial statements around ECL as required by the accounting and reporting standards.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises of Chairman's review report, Directors' report and six years' performance highlights included in the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, the requirements of Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The Board of directors is responsible for overseeing the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. Based on our audit, we further report that in our opinion:
 - a) proper books of account have been kept by the Bank as required by the Companies Act, 2017 (XIX of 2017) and the returns referred above from the branches have been found adequate for the purpose of our audit;
 - b) the statement of financial position, the statement of profit and loss account, the statement of comprehensive income, the statement of changes in equity and the cash flow statement together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 and the Companies Act, 2017(XIX of 2017) and are in agreement with the books of account and returns;

- c) investments made, expenditure incurred and guarantees extended during the year were in accordance with the objects and powers of the Bank and the transactions of the Bank which have come to our notice have been within the powers of the Bank; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Bank and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

2. We confirm that for the purpose of our audit we have covered more than sixty per cent of the total loans and advances of the Bank.

The engagement partner on the audit resulting in this independent auditor's report is Mr. Aryn Malik.

Notes to and forming part of the Financial Statements

For The Year Ended December 31, 2024

1 STATUS AND NATURE OF BUSINESS

- 1.1 Samba Bank Limited (the Bank) is a banking Company incorporated in Pakistan and is engaged in commercial banking and related services. The Bank is listed on the Pakistan Stock Exchange Limited. Its principal office is located at Ground Floor, Arif Habib Centre, M.T. Khan Road, Karachi, whereas, the registered office of the Bank is located at 1st Floor, 19 - Saleem Plaza, Blue Area, Jinnah Avenue, Islamabad. The Bank operates 57 branches (December 31, 2023: 47 branches) inside Pakistan.

The Bank is a subsidiary of Saudi National Bank (formerly Samba Financial Group) of Kingdom of Saudi Arabia, the Parent entity, which holds 84.51% shares of the Bank as at December 31, 2024 (December 31, 2023: 84.51%).

- 1.2 Pakistan Credit Rating Agency (PACRA) has maintained the Bank's medium to long-term rating as 'AA' and the short-term rating as 'A 1'.

2 BASIS OF PRESENTATION

- 2.1 In accordance with the directives of the Federal Government regarding the shifting of the Banking system to Islamic modes, the State Bank of Pakistan (SBP) has issued various circulars from time to time. Permissible forms of trade-related modes of financing include purchase of goods by banks from their customers and immediate resale to them at appropriate mark-up in price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these financial statements as such but are restricted to the amount of facility actually utilised and the appropriate portion of mark-up thereon.

3 STATEMENT OF COMPLIANCE

- 3.1 These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
- Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of IFRS or IFAS the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives, shall prevail.

The disclosures made in these financial statements have been based on a format prescribed by SBP vide BPRD Circular No. 02 dated 09 February 2023 with further addition made vide BPRD Circular Letter No. 13 of 2024, dated 01 July 2024 and accounting and financial reporting standards as applicable in Pakistan.

- 3.2 SBP has deferred the applicability of International Accounting Standard (IAS) 40, 'Investment Property' for Banking Companies in Pakistan through BSD Circular Letter No. 10 dated 26 August 2002 till further instructions. Also, SECP has deferred the applicability of IFRS 7, 'Financial Instruments: Disclosures' through its notification S.R.O 411 (I) / 2008 dated 28 April 2008. Accordingly, the requirements of these standards have not been considered in the preparation of these financial statements.

- 3.3 The SBP has issued BPRD Circular Letter No. 01 of 2025 dated January 22, 2025 in which certain relaxations / clarifications have been provided upon adoption of IFRS 9 which are disclosed in note 5.1 to the financial statements

3.4 Standards, interpretations and amendments to accounting and reporting standards that are effective in the current year

As directed by SBP via BPRD Circular Letter No. 7 of 2023 dated 13 April 2023, IFRS 9, (Financial Instruments) is effective in Pakistan for period beginning on or after 01 January 2024. In addition, due to the application of IFRS 9, SBP vide BPRD Circular No. 02 dated 09 February 2023, has also amended the format of the annual financial statements. Details regarding the aforementioned adoption and amendment, including the impact thereof, are discussed in more detail in note 5.1 to these financial statements.

Except for the above, there are certain other interpretations and amendments that are mandatory for the Bank's accounting periods beginning 01 January 2024. However, these are not considered to be relevant or do not have any significant effect on the Bank's operations and therefore have not been detailed in these financial statements.

3.5 Standards, interpretations and amendments to accounting and reporting standards that are not yet effective

Certain new and amended standards, interpretations, and amendments issued by the International Accounting Standards Board (IASB) are mandatory for the Bank's accounting periods beginning on or after January 1, 2025. However, these are not expected to be relevant or have a material impact on the Bank's financial statements, except for:

- IFRS 18 - 'Presentation and Disclosure in Financial Statements' (issued in April 2024), which has an applicability date of January 1, 2027, as set by the IASB. IFRS 18 is yet to be adopted in Pakistan. Once adopted and applicable, the standard will impact the presentation of the Statement of Profit and Loss Account and introduce certain additional disclosures in the Bank's financial statements."
- Amendments to IFRS 9 - 'Financial Instruments' clarify the recognition and derecognition dates of financial assets and liabilities, including settlements made through banking instruments, various payment channels, and electronic transfers. When applied, these amendments may impact the timing of recognition and derecognition of financial liabilities.
- The amendment to IAS 21 - 'Effects of Changes in Foreign Exchange Rates' introduces a consistent approach for banks to assess whether a currency can be exchanged into another currency. If exchangeability is restricted, the amendment provides guidance on determining the appropriate exchange rate and the required disclosures.

The management is currently assessing the potential impact of these amendments on the Bank's financial statements.

4 BASIS OF MEASUREMENT

4.1 Accounting convention

These financial statements have been prepared under the historical cost convention except for certain investments, foreign currency balances, commitments in respect of foreign exchange contracts and derivative financial instruments which have been marked to market and are carried at fair value. Lease liability against right-of-use assets are carried at present value.

4.2 Functional and presentation currency

Items included in these financial statements are measured using the currency of the primary economic environment in which the Bank operates. These financial statements have been presented in Pakistani Rupees, which is the Bank's functional and presentation currency.

4.3 Critical accounting estimates and judgments

The preparation of financial statements in conformity with accounting and reporting standards as applicable in Pakistan requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. It also requires management to exercise judgment in application of its accounting policies. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

Significant accounting estimates and areas where judgments were made by the management in the application of accounting policies are as follows:

- valuation and impairment of financial instruments (notes 5.1.1.14, 10, 45.1.7 and 45.1.8);
- current and deferred taxation (notes 5.8, 14, 24.3.1 and 34);
- depreciation, amortisation methods and useful lives of property and equipment and intangibles (notes 5.4, 5.6, 11 and 13);
- right of use assets and related lease liabilities (note 5.5, 12 and 19); and
- provisions and contingent liabilities (notes 5.9 and 24.3)

5 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies adopted in the preparation of these financial statements are consistent with those followed in the preparation of the financial statements for the year ended December 31, 2023, except for change disclosed in note 5.1 below.

5.1 Changes in accounting policies

5.1.1 IFRS 9 Financial Instruments

During the year, as directed by SBP vide its BPRD Circular No. 07 of 2023 dated 13 April 2023, IFRS 9 'Financial Instruments' (the Standard) became applicable to the Bank.

BPRD Circular No. 03 of 2022 dated 05 July 2022 issued by SBP provides detailed instructions on implementation of IFRS 9 (the Application

Instructions) for ensuring smooth and consistent implementation of the standard across banks.

The Standard addresses recognition, classification, measurement and derecognition of financial assets and financial liabilities. The Standard has also introduced a new impairment model for financial assets which requires recognition of impairment charge based on 'Expected Credit Losses' (ECL) approach rather than 'incurred credit losses' approach as previously followed. The ECL has impact on all the assets of the Bank which are exposed to credit risk.

The Bank has adopted IFRS 9 in accordance with the Application Instructions from January 1, 2024, using the modified retrospective approach and has not restated comparatives for the 2023 reporting period and the differences in carrying amount of financial assets and financial liabilities resulting from the adoption of IFRS 9 are recognized in retained earnings and reserves as at January 1, 2024, as permitted under the specific transitional provisions in the Standard. Accordingly, the information presented for 2023 does not reflect the requirements of IFRS 9 and therefore is not comparable to the information presented for 2024 under IFRS 9.

The SBP through BPRD Circular Letter No. 16 dated July 29, 2024 and BPRD Circular Letter No. 01 dated January 22, 2025 (Letters) has made certain amendments and clarified the timelines of some of the SBP's IFRS 9 Application Instructions to address the matters raised by the banks to ensure compliance by the timelines. The Letters have provided clarifications / relaxations on measurement of unquoted equity securities, modification accounting, maintenance of general provisions over and above ECL. Accordingly, the Bank has adopted the treatment as instructed in the aforementioned Letters in these financial statements. In addition, the SBP in a separate instruction SBPHOK-BPRD-RPD-SMB-820177 dated January 22, 2025 has allowed extension for application of Effective Interest Rate up to December 31, 2025.

5.1.1.4 Impact on regulatory capital

The introduction of IFRS 9 has resulted in reduction in regulatory capital of the Banks, which has reduced their lending capacity and ability to support their clients. In order to mitigate the impact of ECL models on capital, SBP has determined that it may be appropriate for the banks to introduce a transitional arrangement for the impact on regulatory capital from the application of ECL accounting. Annexure B of the Application Instructions issued by SBP has detailed the transitional arrangement.

The transitional arrangement applies only to provisions for Stage 1 and Stage 2 financial assets. The transitional arrangement must adjust CET1 capital. Where there is a reduction in CET1 capital due to new provisions, net of tax effect, upon adoption of an ECL accounting model, the decline in CET1 capital (the "transitional adjustment amount") must be partially included (i.e., added back) to CET1 capital over the "transition period" of five years. The bank has not taken benefit of transitional arrangement. Had the bank taken the transitional arrangement, the MCR of the bank would have been improved by 60 bps.

Moreover, SBP has allowed to adjust the amount of Stage 1 and Stage 2 provisions in Tier 2 Capital that have not been added back to CET 1 and vice versa as per Annexure A of BPRD Circular no 16 of 2024 dated 29 July 2024.

The impact of adoption of IFRS 9 on the capital ratios of the Bank are as follows:

	As per previous Reporting requirements	As per adoption of IFRS 9 impairment changes %	IFRS 9 impairment changes and reclassification
Common Equity Tier 1 Capital Adequacy ratio	15.48%	14.44%	-1.04%
Tier 1 Capital Adequacy Ratio	15.48%	14.44%	-1.04%
Total Capital Adequacy Ratio	21.31%	19.83%	-1.48%
		Rupees '000	
CET1 available to meet buffers (as a percentage of risk weighted assets)	9,089,512	8,045,647	(1,043,865)

5.1.1.5 Classification and measurement

Under the new standard, classification and measurement of financial assets depends on how these are managed based on business model and their contractual cash flow characteristics. Financial assets that do not meet the Solely Payment of Principal and Interest (SPPI) criteria are required to be measured at fair value through profit and loss (FVTPL) regardless of the business model in which they are held.

Recognition

Financial assets and financial liabilities are recognised when the entity becomes party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognised on trade date, the date on which the Bank purchases or sells the asset. Other financial assets and liabilities like advances, lending to financial institutions, deposits etc. are recognised when funds are transferred to the account or financial institutions. However, for cases, where funds are transferred on deferred payment basis, recognition is done when underlying asset is purchased.

Initial measurement

A financial asset or financial liability is initially measured at fair value plus/minus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. The fair value of a financial asset on initial recognition is generally its transaction price. If the Bank determines that the fair value on initial recognition differs from the transaction price then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value on initial recognition and the transaction price. Subsequently, that difference is recognized in statement of profit and loss account on an appropriate basis over the life of the asset but no later than when the valuation is wholly supported by observable market data, or the transaction is closed out. Advances other than staff loans and Temporary Economic Refinance Facility (TERF) are initially measured at transaction price i.e., the amount of loan disbursed at disbursement date.

Classification

Financial assets

On initial recognition, a financial asset other than advances (excluding staff loans and TERF) is classified as measured at: amortised cost, FVOCI or FVTPL.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

A debt instrument is measured at FVOCI only if it meets both of the following conditions and is not designated as at FVTPL.

- the asset is held within a business model whose objective is achieved by both collecting contractual cashflows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

On initial recognition of an equity investment that is not held for trading, the Bank may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis.

Under IFRS 9, derivatives embedded in contracts where the host is a financial asset in scope of the standard are never bifurcated. Instead, the whole hybrid instrument is assessed for classification. These are classified at FVTPL.

Advances are carried at cost, net of expected credit loss allowances, except for TERF and staff loans, which are measured at amortized cost.

Financial liabilities

Financial liabilities are either classified as FVTPL, when they are held for trading purposes, or at amortized cost. Financial liabilities classified as FVTPL are measured at fair value and all the fair value changes are recognized in statement of profit and loss account. Financial liabilities classified at amortized cost are initially recorded at their fair value and subsequently measured using the effective interest rate method. Markup expense and foreign exchange gain and losses are recognised in statement of profit and loss account. Any gain or loss on derecognition is also recognised in statement of profit and loss account.

5.1.1.6 Business model assessment

A financial asset is classified as either Held to collect, Held to collect and sale and others based on business model assessment. The Bank makes an assessment of the objective of a business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed, and information is provided to management. The assessment requires judgement based on facts and circumstances on the date of assessment. The assessment considers the policies and objectives for the portfolio of financial assets, risk affecting, performance evaluation, business manager's compensation and historical sales information.

Financial assets that are held for trading or managed and whose performance is evaluated on a fair value basis are measured at FVTPL because they are neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets.

5.1.1.7 Assessment of whether contractual cash flows are Solely Payments of Principal and Interest (SPPI)

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g., liquidity risk and administrative costs), as well as interest margin.

In assessing whether the contractual cash flows are SPPI, the Bank considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Bank considers:

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Bank's claim to cash flows from specified assets (e.g. non-recourse loans); and
- features that modify consideration of the time value of money (e.g. periodical reset of interest rates).

A prepayment feature aligns with SPPI if it mainly represents unpaid principal and profit, including reasonable compensation for early termination.

5.1.1.8 Subsequent measurement

The following accounting policies apply to the subsequent measurement of financial assets:

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any mark-up or dividend income, are recognised in statement of profit and loss account.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest rate (EIR) method in case of investments, lendings to financial institutions, cash and balances with treasury banks, balances with other banks, TERF, staff loans, and other financial assets. The amortised cost is reduced by impairment losses. Mark-up, foreign exchange gains and losses and impairment are recognised in statement of profit and loss account.
Debt investments at FVOCI	These assets are subsequently measured at fair value and is assessed for impairment under the new ECL model. Mark-up income is calculated using the EIR method and includes amortisation of premiums and accretion of discount, foreign exchange gains and losses and impairment are recognised in profit and loss account. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to statement of profit and loss account.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognised as income in statement of profit and loss account unless the dividend clearly represents a recovery of part of the cost of the investment, in which case they are adjusted from the carrying value of investment. Other net gains and losses are recognised in OCI and are never reclassified to profit and loss account.
Advances at cost	Advances are carried at cost, net of expected credit loss allowances, except for TERF and staff loans, which are carried at amortized cost, net of expected credit loss allowances.

5.1.1.9 Amortised cost and gross carrying amount

The 'amortised cost' of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured on initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount for investments and lendings to financial institution.

The 'gross carrying amount of a financial asset' is the amortised cost of a financial asset before adjusting for any expected credit loss allowance.

5.1.1.10 Calculation of mark-up income and expense

Income from performing advances is recognised on accrual basis as per the terms of the contract. However, where debt securities, classified as investments in the financial statements, are purchased at premium or discount, such premium / discount including the transaction cost is amortized through the statement of profit and loss account over the remaining maturity of the debt security using the effective interest rate method. The interest income on staff loans and TERF is recognized in line with the EIR, while any expected credit losses are assessed and accounted for in accordance with the requirements of IFRS 9. Income from advances except for staff loans and TERF are recognized in statement of profit and loss account using contractual rate. Similarly, under the local regulatory requirement, income recoverable on classified advances and investments (debt securities), is recognized on a receipt basis.

Income on rescheduled / restructured advances and investments is recognized as permitted by SBP regulations.

Markup expense on financial liabilities (comprising deposits, subordinated debts, and borrowings) is recognized on an accrual basis in the period in which it is incurred, based on effective interest rate method.

5.1.1.11 Derecognition

The Bank derecognises a financial asset when:

- the contractual rights to the cash flows from the financial asset expire; or
- it transfers the rights to receive the contractual cash flows in a transaction in which either:
 - substantially all of the risks and rewards of ownership of the financial asset are transferred; or
 - the Bank neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

On derecognition of a financial asset in its entirety, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized), and the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognized in OCI is recognized in the statement of profit and loss account, except that in case of the derecognition of equity securities held at FVOCI, cumulative gains or losses are transferred to unappropriated profit.

The Bank derecognises a financial liability when its contractual obligations are discharged or cancelled, or expired. The Bank also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

5.1.1.12 Modification

Financial assets

The Bank sometimes renegotiates or otherwise modifies the contractual cash flows of to its customers. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognized and a new financial asset is recognised at fair value plus any eligible transaction costs. Any fees received as part of the modification are accounted for as follows:

- fees that are considered in determining the fair value of the new asset and fees that represent reimbursement of eligible transaction costs are included in the initial measurement of the asset; and
- other fees are included in profit and loss account as part of the gain or loss on derecognition.

If cash flows are modified when the borrower is in financial difficulties, then the objective of the modification is usually to maximise recovery of the original contractual terms rather than to originate a new asset with substantially different terms. If the bank plans to modify a financial asset in a way that would result in forgiveness of cash flows, then it first considers whether a portion of the asset should be written off before the modification takes place. This approach impacts the result of the quantitative evaluation and means that the derecognition criteria are not usually met in such cases.

Where derecognition of financial assets is appropriate, the newly recognised residual loans are assessed to determine whether the assets should be classified as purchased or originated credit-impaired assets (POCI).

If the modification of a financial asset measured at amortised cost or FVOCI does not result in derecognition of the financial asset, then the bank first recalculates the gross carrying amount of the financial asset using the original effective interest rate of the asset and recognised the resulting adjustment as a modification gain or loss in profit and loss account. Any costs or fees incurred, and fees received as part of the modification adjust the gross carrying amount of the modified financial asset and are amortised over the remaining term of the modified financial asset.

If such a modification is carried out because of financial difficulties of the borrower then the gain or loss is presented together with impairment losses. In other cases, it is presented as markup income calculated using the effective interest rate method.

Financial liabilities

The Bank derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability recognized and consideration paid is recognized in profit or loss. Consideration paid includes non-financial assets transferred, if any, and the assumption of liabilities, including the new modified financial liability.

If the modification of a financial liability is not accounted for as derecognition, then the amortised cost of the liability is recalculated by discounting the modified cash flows at the original effective interest rate and the resulting gain or loss is recognized in profit or loss. For floating-rate financial liabilities, the original effective interest rate used to calculate the modification gain or loss is adjusted to reflect current market terms at the time of the modification. Any costs and fees incurred are recognized as an adjustment to the carrying amount of the liability and amortised over the remaining term of the modified financial liability by re-computing the effective interest rate on the instrument.

5.1.1.13 Reclassification

Financial liabilities are not reclassified subsequent to initial recognition. Reclassifications of financial assets are made when, and only when, the business model for those assets changes. Such changes are expected to be infrequent and arise as a result of significant external or internal changes.

Financial assets are reclassified at their fair value on the date of reclassification and previously recognised gains and losses are not restated. Moreover, reclassifications of financial assets between financial assets held at amortised cost and financial assets held at FVOCI do not affect interest rate or expected credit loss computations.

Reclassified from amortised cost

Where financial assets held at amortised cost are reclassified to financial assets held at FVTPL, the difference between the fair value of the assets at the date of reclassification and the previously recognised amortised cost is recognised in profit and loss account.

For financial assets held at amortised cost that are reclassified to FVOCI, the difference between the fair value of the assets at the date of reclassification and the previously recognised gross carrying value is recognised in comprehensive income. Additionally, the related cumulative expected credit loss amounts relating to the reclassified financial assets are reclassified from provisions to a separate reserve in comprehensive income at the date of reclassification.

Reclassified from fair value through other comprehensive income (FVOCI)

Where financial assets held at FVOCI are reclassified to financial assets held at FVTPL, the cumulative gain or loss previously recognised in comprehensive income is transferred to the profit and loss.

For financial assets held at FVOCI that are reclassified to financial assets held at amortised cost, the cumulative gain or loss previously recognised in comprehensive income is adjusted against the fair value of the financial asset such that the financial asset is recorded at a value as if it had always been held at amortised cost. In addition, the related cumulative expected credit losses held within comprehensive income are reversed against the gross carrying value of the reclassified assets at the date of reclassification.

Reclassified from fair value through profit or loss (FVTPL)

Where financial assets held at FVTPL are reclassified to financial assets held at FVOCI or financial assets held at amortised cost, the fair value at the date of reclassification is used to determine the effective interest rate on the financial asset going forward. In addition, the date of reclassification is used as the date of initial recognition for the calculation of expected credit losses. Where financial assets held at FVTPL are reclassified to financial assets held at amortised cost, the fair value at the date of reclassification becomes the gross carrying value of the financial asset.

5.1.1.14 Impairment

The impairment requirements apply to financial assets measured at amortized cost, and FVOCI (other than equity instruments), advances at cost and certain loan commitments and financial guarantee contracts. At initial recognition, an impairment allowance (or provision in the case of commitments and guarantees) is required for expected credit losses ('ECL') resulting from default events that are possible within the next 12 months ('12-month ECL'). In the event of a significant increase in credit risk, a provision is required for ECL resulting from all possible default events over the expected life of the financial instrument ('lifetime ECL').

Measurement of ECL

ECL are a probability-weighted estimate of credit losses. They are measured as follows:

- financial assets that are not credit-impaired at the reporting date: as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Bank expects to receive);
- financial assets that are credit-impaired at the reporting date: as the difference between the gross carrying amount and the present value of estimated future cash flows;
- undrawn loan commitments: as the present value of the difference between the contractual cash flows that are due to the Bank if the commitment is drawn down and the cash flows that the Bank expects to receive; and
- financial guarantee contracts: the expected payments to reimburse the holder less any amounts that the Bank expects to recover.

Non-Performing financial assets

At each reporting date, the Bank assesses whether financial assets carried at amortised cost, at cost and debt financial assets carried at FVOCI, and finance lease receivables are credit impaired (referred to as 'Stage 3 financial assets'). A financial asset is 'non-performing' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- the restructuring of a loan by the Bank on terms that the Bank would not consider otherwise;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

A loan that has been renegotiated due to a deterioration in the borrower's condition is usually considered to be credit-impaired unless there is evidence that the risk of not receiving contractual cash flows has reduced significantly and there are no other indicators of impairment. In addition, a retail loan that is overdue for 90 days or more is considered credit-impaired even when the regulatory definition of default is different.

Under the SBP's IFRS 9 Application instructions, the Bank is not required to compute ECL on Government Securities and on Government guaranteed credit exposure in local currency. The Bank is required to calculate ECL on its non-performing financial assets as higher of provision under Prudential Regulations (PR) and ECL under IFRS 9. Further, the Banks are advised to recognize income on impaired assets (loans classified under PRs i.e., OAEM and Stage 3 loans) on a receipt basis in accordance with the requirements of PRs issued by SBP.

The Bank calculates the ECL against corporate, commercial & SME loan portfolios as higher of PR and ECL under IFRS 9 at borrower/facility level, whereas against the retail borrowers the Bank calculates the ECL at higher of PR and ECL under IFRS 9 at segment / product basis as instructed under Annexure A of BPRD Circular no 16 of 2024 dated 29 July 2024.

Based on the requirements of IFRS 9 Application Instructions, the Bank has performed an ECL assessment considering the following key elements:

- PD: The probability that a counterparty will default over the next 12 months from the reporting date (12-month ECL, Stage1) or over the lifetime of the product (lifetime ECL, Stage 2). PD is estimated using internal rating classes and are based on the Bank's internal risk rating. The Bank has used Transition Matrix approach for estimation of PD for each internal rating. The Bank has used roll-rate method using the days past due (DPD) criteria to estimate PD for its retail portfolio. PD are then adjusted with forward looking information for calculation of ECL.
- EAD: The expected balance sheet exposure at the time of default, incorporating expectations on drawdowns, amortisation, pre-payments and forward-looking information where relevant. The Bank estimates EAD for financial assets carried at an amortised cost and carried at cost equal to principal plus markup. Each repayment date is assumed to be default point in the model and the ECL is calculated on EAD at each reporting date and discounted at the effective interest rate or contractual interest rate for advances other than staff loans and TERF for which effective interest rate is used. Further, cash and cash equivalent collaterals that the Bank holds against the non-retail facilities are adjusted from the LGD.
- LGD: An estimate of the loss incurred on a facility upon default by a borrower. LGD is calculated as the difference between contractual cash flows due and those that the Bank expects to receive, including from the liquidation of any form of collateral. It is expressed as a percentage of the exposure outstanding on the date of classification of an obligor.

Presentation of allowance for Expected Credit Loss in the Statement of Financial Position

Loss allowances for ECL are presented in the statement of financial position as follows:

- Financial assets measured at amortized cost: as a deduction from the gross carrying amount of the assets.
- For advances measured at cost: as a deduction from the gross carrying amount of the advances
- Loan commitments and financial guarantee contracts: as a provision in other liabilities.
- where a financial instrument includes both a drawn and an undrawn component, and the Bank does not identify the ECL on the loan commitment component separately from those on the drawn component and instead presents a combined loss allowance for both components. The combined amount is presented as a deduction from the gross carrying amount of the drawn component. Any excess of the loss allowance over the gross amount of the drawn component is presented as a provision; and
- debt instruments measured at FVOCI: no loss allowance is recognized in the statement of financial position because the carrying amount of these assets is their fair value. However, the loss allowance is disclosed and is recognized in OCI.

5.1.1.15 Write-offs

Financial assets are written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Bank determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. This assessment is carried out at the individual asset level.

Recoveries of amounts previously written off are included in 'impairment losses on financial instruments' in the statement of profit or loss.

Financial assets that are written off could still be subject to enforcement activities in order to comply with the Bank's procedures for recovery of amounts due.

5.1.1.16 Undrawn loan commitments and guarantees:

Financial guarantees' are contracts that require the Bank to make specified payments to reimburse the holder for a loss that it incurs because a specified debtor fails to make payment when it is due in accordance with the terms of a debt instrument. 'Loan commitments' are firm commitments to provide credit under pre-specified terms and conditions.

When estimating lifetime ECL for undrawn loan commitments, the Bank estimates the expected portion of the loan commitment that will be drawn down over its expected life. The ECL is then based on the present value of the expected cash flows if the loans are drawn down, based on a probability-weighting of the three scenarios.

5.1.1.17 Off-setting of financial instruments

Financial assets and financial liabilities are off-set and the net amount is reported in the financial statements only when there is a legally enforceable right to set off the recognised amount and the Bank intends either to settle on a net basis, or to realise the assets and to settle the liabilities simultaneously. Income and expense items of such assets and liabilities are also off-set and the net amount is reported in the financial statements.

5.1.1.18 Derivative

Derivative financial instruments are recognised at fair value. Derivatives with positive market values (unrealised gains) are included in other assets and derivatives with negative market values (unrealised losses) are included in other liabilities in the statement of financial position. The resultant gains and losses are taken to the profit and loss account.

5.1.2 Revised format of financial statements

SBP through its BPRD Circular No. 02 dated 09 February 2023, has amended the format of annual financial statements of banks. All banks are required to prepare their annual financial statements on the revised format effective from accounting year starting from January 1, 2024. Accordingly, the Bank has prepared these financial statements on the new format prescribed by SBP. The adoption of the new format contains additional disclosures and certain changes in the financial statements' presentation, primarily due to the implementation of IFRS 9 as applicable in Pakistan. However, the corresponding figures continue to be classified and disclosed in accordance with the previous financial accounting and reporting framework.

The adoption of revised format has resulted in following significant changes:

- Right-of-use-assets (note 12) amounting to Rs.1,655.791 million (December 31, 2023: Rs.1,255.34 million) which were previously shown as part of fixed assets are now shown separately on the statement of financial position.
- Lease liabilities (note 19) amounting to Rs.1,892.718 million (December 31, 2023: Rs.1,475.63 million) which were previously shown as part of other liabilities (note 21) are now shown separately on the statement of financial position.

5.2 Cash and cash equivalents

'Cash and cash equivalents' include cash in hand, balances with treasury banks, balances with other banks in current and deposit accounts, national prize bonds, if any and highly liquid financial assets with original maturities of three months or less from the date of acquisition that are subject to an insignificant risk of changes in their fair value, and are used by the Bank in the management of its short-term commitments.

5.3 Lendings to / borrowings from financial institutions

The Bank enters into repurchase agreements (repo) and reverse repurchase agreements (reverse repo) at contracted rates for a specified period of time. These are recorded as under:

(a) Sale of securities under repurchase agreements

Securities sold to a repurchase agreement (repo) are retained in the financial statements as investments and the counter party liability is included in borrowings. The differential between the sale price and contracted repurchase price is amortised over the period of the contract and recorded as an expense.

(b) Purchase of securities under resale agreements

Securities purchased under agreement to resell (reverse repo) are included in lendings to financial institutions. The underlying security is not recognised as a separate asset in the financial statements. The difference between the contracted price and resale price is recognised over the period of the contract and recorded as income.

(c) Bai Muajjal

The Bank enters into Bai Muajjal transactions of sale (borrowing) and purchase (lending). These are recorded as below:

Bai Muajjal transactions representing purchase of shariah compliant instruments on deferred payment basis and are shown in lendings to financial institutions except for transactions undertaken directly with the Government of Pakistan which are disclosed as investments. The credit price is agreed at the time of sale and such proceeds are received at the end of the credit period. The difference between the deferred payment amount receivable and the carrying value at the time of sale is accrued and recorded as income on a time proportion basis over the life of the transaction.

Bai Muajjal transactions representing sale of shariah compliant instruments on deferred payment basis and are shown in borrowings. The credit price is agreed at the time of purchase and the proceeds are paid at the end of the credit period. The difference between the deferred payment amount payable and the carrying value at the time of purchase is accrued and recorded as borrowing cost on a time proportion basis over the life of the transaction.

(d) Call lendings / placements

Call lendings / placements with financial institutions are stated net of provision. Return on such lending is accrued to the profit and loss account on a time proportion basis except for mark-up on impaired / delinquent lendings, which is recognized on receipt basis.

(e) Borrowings

These are recorded at the proceeds received. Mark-up on such borrowings is charged on a time proportion basis to the profit and loss account over the period of borrowings.

5.4 Property and equipment and depreciation

Property and Equipment - owned

Property and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any, except for capital work-in-progress and land which are carried at cost less accumulated depreciation and impairment losses, if any. Capital work-in-progress is stated at cost less accumulated impairment losses, if any. All expenditure connected with specific assets incurred during installation and construction / development period are carried under this head. These are transferred to specific assets as and when assets become available for use.

Depreciation on property and equipment (excluding land which is not depreciated) is charged using the straight line method in accordance with the rates specified in note 11.2 to these financial statements after taking into account the residual value, if significant. The assets' residual values and useful lives are reviewed and adjusted, if required, at each reporting date. Depreciation on additions during the year is charged from the date in which the asset is put to use, whereas no depreciation is charged from the date the asset is disposed off.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Bank and the cost of the item can be measured reliably. All other repair and maintenance is charged to the profit and loss account as and when incurred.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains / losses on disposal of property and equipment, if any, are credited / charged to the profit and loss account in the period in which they arise.

5.5 Leases

At inception of a contract, the Bank assesses whether a contract is, or contains, a lease. A contract is, or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Bank uses the definition of a lease in IFRS 16.

The Bank acts as a lessee and applies a single recognition and measurement approach for all the leases except for short-term leases and leases of low value assets (if any). The Bank recognises lease liability to make lease payments and right-of-use assets representing the right to use the underlying assets. At commencement or on modification of a contract that contains a lease component, the Bank allocates the consideration in the contract to each lease component on the basis of its relative stand alone prices.

The Bank recognises right-of-use asset (ROU asset) and its related lease liability at the commencement date of the lease .

i) Right-of-use asset

The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right of use asset is subsequently depreciated using the straight line method from the commencement date to the end of the lease term, unless the lessee transfers ownership of the underlying asset to the Bank by the end of the lease term or the cost of the right of use asset reflects that the Bank will exercise a purchase option. In that case the right of use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right of use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

ii) Lease Liability

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Bank's incremental borrowing rate. Generally, the Bank uses its incremental borrowing rate as the discount rate.

The Bank determines its incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments, if needed to reflect the terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Bank is reasonably certain to exercise, lease payments in an optional renewal period if the Bank is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Bank is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Bank's estimate of the amount expected to be payable under a residual value guarantee, if the Bank changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in substance fixed lease payment.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right of use asset, or is recorded in profit or loss if the carrying amount of the right of use asset has been reduced to nil.

The Bank presents lease liabilities as a separate line item in the statement of financial position.

iii) Short-term leases and leases of low-value assets

The Bank applies the short-term lease recognition exemption to its short-term leases (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered of low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

5.6 Intangible assets and amortisation

Intangible assets are measured at cost less accumulated amortisation and any accumulated impairment losses, if any. Intangible assets are amortised on a straight-line basis in profit and loss account over their estimated useful life, from the date in which the asset is put to use, whereas no amortisation is charged from the date the asset is disposed off. The estimated useful life of intangible assets for the current and comparative year is specified in note 13 to these financial statements. Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Bank and the cost of the item can be measured reliably. All other expenditure is recognised in profit and loss account as it is incurred.

Intangible assets having an indefinite useful life are stated at acquisition cost less accumulated impairment losses, if any. Gains and losses on disposals, if any, are credit / charged to the profit and loss account in the period in which they arise.

5.7 Impairment of non financial asset

The Bank's corporate assets do not generate separate cash inflows and are used by more than one CGU. Corporate assets are allocated to CGUs on a reasonable and consistent basis and tested for impairment as part of the testing of the CGUs to which the corporate assets are allocated.

Impairment losses are recognised in profit or loss account. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

5.8 Taxation

Income tax expense comprises current and deferred tax. It is recognised in profit and loss account except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

(a) Current

The provision for current taxation is based on taxable income for the year, if any, at current rates of taxation, after taking into consideration available tax credits, rebates and tax losses as specified under the seventh schedule to the Income Tax Ordinance, 2001. The amount of current tax payable is the best estimate of the tax amount expected to be paid that reflects uncertainty related to income taxes, if any. The charge for current tax also includes adjustments, where considered necessary relating to prior years, which arises from assessments / developments made during the year. Current tax assets and liabilities are offset only if certain criteria are met.

(b) Deferred

Deferred tax is recognised using the balance sheet liability method on all temporary differences between the carrying amounts of assets and liabilities used for financial reporting purposes and amounts used for taxation purposes. In addition, the Bank also records deferred tax asset on available tax losses. Deferred tax is calculated using the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Bank expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. Deferred tax assets and liabilities are offset only if certain criteria are met.

The Bank also recognises deferred tax asset / liability on (deficit) / surplus on revaluation of securities which is adjusted against the related (deficit) / surplus in accordance with the requirements of the International Accounting Standard (IAS-12) "Income taxes".

(b) Levy

Tax charged under Income Tax Ordinance, 2001 which is not based on taxable income, or any amount paid / payable in excess of the calculation based on taxable income or any minimum tax / windfall tax is classified as levy in the profit and loss account as these levies fall under the scope of IFRIC 12/IAS 37.

5.9 Provisions

Provision for claims under guarantees and other off balance sheet obligations is recognised when identified and reasonable certainty exists for the Bank to settle the obligation.

Other provisions are recognised when the Bank has a legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

5.10 Staff retirement benefits

Defined contribution plan

The Bank operates an approved contributory provident fund for all eligible employees. Equal monthly contributions are made to the fund, both by the Bank and the employees. The Bank has no further payment obligations once the contributions have been paid. Obligations for contributions to defined contribution plans are expensed as the related service is provided. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

5.11 Borrowings / deposits and their cost

Borrowings / deposits are recorded when the proceeds are received. Borrowing / deposit costs are recognised as an expense in the period in which these are incurred using the contractual mark-up / interest rate method to the extent that they are not directly attributable to the acquisition of or construction of qualifying assets. Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset (one that takes a substantial period of time to get ready for use or sale) is capitalised as part of the cost of that asset.

5.12 Proposed dividend and transfers between reserves

Dividends and appropriations to reserves, except appropriations which are required by law, made subsequent to the statement of financial position date are considered as non-adjusting events and are recorded in the financial statements in accordance with the requirements of International Accounting Standard (IAS) 10, 'Events after the Balance Sheet Date' in the year in which they are approved / transfers are made.

5.13 Revenue recognition

- Mark-up / return / interest on advances and investments is recognised on accrual basis, except in case of advances classified under the Prudential Regulations on which mark-up is recognised on receipt basis. Mark-up / return / interest on rescheduled / restructured loans and advances and investments is recognised as permitted by the regulations of SBP.
- The Bank earns fee and commission income from a banking service to retail and corporate customer. Fee and commission income is recognised at an amount that reflects the consideration to which the Bank expects to be entitled in exchange for providing the services.

The Bank recognises fees earned on transaction-based arrangements at a point in time when the Bank has provided the service to the customer the includes, card-related fees (e.g., debit card transaction fees), trade commission (e.g., fees on letters of credit, guarantees, and trade finance transactions), cash management commission (e.g., transaction processing fees for cash handling and payments), investment banking fees (e.g., advisory fees for mergers, acquisitions, and underwriting), consumer finance-related fees (e.g., loan processing and disbursement fees), commission on home remittances (e.g., fees on inward or outward remittances), other transaction-based banking service fees (e.g., ATM withdrawal fees, funds transfer charges).

Revenue from account service and servicing fees is recognised over time as the services are provided. Unearned fee and commission are included under other liabilities, this includes, account maintenance fees, annual debit card service fees, loan servicing fees, other recurring banking service charges.

The fees pertaining to banking service to retail and corporate customer are based on schedule of charges reviewed semi-annually by the Bank.

- Financing method is used in accounting for income from lease financing. Under this method, the unearned lease income (excess of the sum of total lease rentals and estimated residual value over the cost of the leased assets) is deferred and taken to income over the term of the lease so as to produce a constant periodic rate of return on the outstanding net investment in the lease.
- Unrealised lease income in respect of non-performing finance leases and mark-up / return on non-performing advances is held in suspense account.
- Gains / losses on termination of lease contracts, documentation charges, front end fee and other lease income are recognised as income when realised.
- Dividend income is recognised when the right to receive is established.

5.14 Foreign currencies

(a) Foreign currency transactions

Foreign currency transactions are translated into Pakistani Rupees at the exchange rates prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies are translated into Pakistani Rupees at exchange rates prevailing at the reporting date. Foreign bills purchased and forward foreign exchange contracts are valued at the rates applicable to their respective maturities.

(b) Translation gains and losses

Translation gains and losses are included in the profit and loss account.

(c) Contingencies and commitments

Commitments for outstanding forward foreign exchange contracts are disclosed at contracted rates. Contingent liabilities / commitments for letters of credit and letters of guarantee denominated in foreign currencies are expressed in Pakistani rupee terms at the exchange rate prevailing at the reporting date.

5.15 Segment reporting

The Bank has structured its key business areas in various segments in a manner that each segment becomes a distinguishable component of the Bank that is engaged either in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments. The segments reported below are consistent to those reported to the President and Chief Executive Officer of the Bank.

(a) Business segments

(i) Wholesale banking

Wholesale banking includes project finance, real estate, export finance, trade finance, leasing, lending, guarantees, bills of exchange and deposits and includes services provided in connection with mergers and acquisition, underwriting, privatization, securitization, research, debts (government and high yield) and equity syndication, IPO and secondary private placements. These services are being offered to large corporate entities.

It also includes lending's, export finance, trade finance, bills of exchange and deposits. These services are being offered to commercial customers and small & medium sized entities.

(ii) Global Markets

It includes fixed income on debt securities, equity, foreign exchanges, commodities, credit, funding, own position securities, lending and repos, brokerage debt and prime brokerage.

(iii) Retail banking

It includes retail / consumer lending and deposits, banking services, trust and estates, private lending and deposits, banking service, trust and estates investment advice, merchant / commercial / corporate cards and private labels and retail.

(b) Geographical segments

The operations of the Bank are currently based only in Pakistan.

5.16 Earnings per share

The Bank presents basic and diluted earnings per share (EPS) for its shareholders. Basic EPS is calculated by dividing the profit or loss, as the case may be, attributable to ordinary shareholders of the Bank by the weighted average number of ordinary shares outstanding during the year. Diluted EPS per share is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding after including the effects of all dilutive potential ordinary shares, if any.

5.17 Fiduciary assets

Assets held in a fiduciary capacity are not treated as assets of the Bank in these financial statements.

5.18 Acceptances

Acceptances comprise undertakings by the Bank to pay bills of exchange drawn on customers. The Bank expects most acceptances to be simultaneously settled with the reimbursement from the customers. As required by the State Bank of Pakistan through the amended format for financial statements for Banks, acceptances are accounted for as on-balance sheet transactions and are reported in "other assets" and "other liabilities" simultaneously.

5.19 Sub-ordinated debt

Sub-ordinated debt is initially recorded at the amount of proceeds received. Mark-up on sub-ordinated debt is charged to the profit and loss account over the period on an accrual basis and is recognised as part of other liabilities.

21.1.1 This includes:

- a) A provision of Rs 71.134 million (2023: Rs 71.134 million) made in respect of two counter guarantees amounting to Rs 71.134 million issued by Crescent Investment Bank Limited, an amalgamated entity, on behalf of Mr. Reyaz Shafi favoring Privatization Commission of Pakistan (PC). The PC had invoked/called for payment of both the guarantees prior to their expiry date. However, Mr. Reyaz Shafi had obtained stay order for payments against the guarantees on the grounds that the guarantees were conditional and the condition had not been met. Subsequently, the PC filed a suit against Faysal Bank Limited and Al-Baraka Islamic Bank, the guarantees issuing banks, against counter guarantees of the amalgamated entity, in the Lahore High Court under the Privatization Commission Ordinance, 2000 for payment against the guarantees. The case is still pending for decision. As a matter of prudence, full provision of Rs 71.134 million (2023: 71.134 million) was made by the amalgamated entity in respect of this matter, which is being maintained.
- b) A provision of Rs. 48 million (2023: Rs 48 million) in respect of a fraud and forgery claim. The matter is still under investigation and is sub judice. The management is confident that the case will be settled in favour of the Bank. However, as a matter of prudence, a provision has been retained in the financial statements.

21.1.2 This represents reversal of provision on account of call back of guarantee by the Bank issued to utility company on behalf of a delinquent legacy borrower provided in prior years.

22.3 Statutory reserve

A Banking company incorporated in Pakistan is required to transfer 20% of its profit after tax to a statutory reserve until the amount of the reserve plus share premium equals the paid-up share capital. Thereafter, 20% of the profit after tax of the banking company is required to be transferred to this reserve. Accordingly, the Bank transfers 20% of its profit after tax every year to the statutory reserve.

24.3.1 Contingencies in respect of taxation

Presently, the Bank is contesting these issues at various appellate forums. The disallowances in respect of a number of assessment years have been decided / set aside by various appellate authorities for re-assessment while the appeals filed by the Bank and tax department in respect of the remaining assessment years are currently pending. Based on the professional advice received from tax advisors, the management is confident that the eventual outcome of the aforementioned matters will be in favour of the Bank. Accordingly, no provision has been made in these financial statements in respect of the below mentioned demands aggregating Rs. 1,601.544 million (December 31, 2023: Rs. 2,425.668 million) raised by the tax authorities as the management in consultation with Bank's tax counsel believes that the matters will be decided in Bank's favor. The details of these demands are as follows:

- The Federal Board of Revenue (FBR) has raised an arbitrary aggregate demand of Rs. 60.961 million (December 31, 2023: Rs. 426.787 million) for the assessment years 2001-02 and 2002-03 on account of non-deduction of tax on profit paid under portfolio management scheme. The FBR has also raised arbitrary aggregate demand of Rs. 525.554 million (December 31, 2023: Rs. 645.337 million) for assessment years 2001-02, 2002-03 and tax year 2006 on account of taxability of investment banks as banking companies and taxation of dividend income as normal banking income and certain other items. The aforementioned demand relates to pending assessments of the Bank and amalgamated entity namely Crescent Investment Bank Limited. The change has been incorporated on the basis of legal opinion obtained by the Bank on 24 August 2024 from Bank tax counsel.
- The FBR has also raised an arbitrary aggregate demand of Rs. 29.052 million (December 31, 2023: Rs. 29.052 million) for the assessment years 2009, 2010 & 2011 on account of Federal Excise Duty. Further, the FBR has raised arbitrary aggregate demand of Rs. 5.498 million (December 31, 2023: Rs. 5.498 million) on account of monitoring of withholding taxes for the tax year 2014. Provincial Tax authorities have issued orders under Sindh Sales Tax on Services Act, 2011 and Punjab Sales Tax on Services Act, 2012 thereby creating arbitrary aggregate demand amounting to Rs 1.32 million (December 31, 2023: Rs.1.32 million) for the years 2015, Rs.15.380 million (December 31, 2023: Rs. 15.380 million) for the year 2016 and Rs.8.505 million (December 31, 2023: nil) for the year 2016-2017 respectively. Federal Board of Revenue has issued orders to amend assessments for tax years 2015, 2017, 2018, 2019, 2020, 2022 and 2023 raising arbitrary aggregate demands of Rs. 64.945 million (December 31, 2023: Rs. 64.945 million), Rs. 527.054 million (December 31, 2023: Rs. 527.054), Rs. 133.374 million (December 31, 2023: Rs. 133.374 million), Rs. 177.117 million (December 31, 2023: Rs. 177.117 million), Rs. 4.794 million (December 31, 2023: Rs. 4.794 million), Rs. 41.01 million (December 31, 2023: Rs.41.01 million) and Rs.6.980 million (December 31, 2023: nil) respectively.

24.3.2 Claims against the Bank not acknowledged as debt

These represent various cases filed against the Bank for recovery of damages / settlement of deposit balances by various parties. Based on the legal advice, management believes that the possibility of any outcome against the Bank is remote and accordingly no provision has been made in these financial statements.

30.4 The decrease in directors' fees and allowance is due to decrease in the overall conduct of Board and committee meetings.

30.5 Donations are part of CSR commitment of the Bank. The Bank allocates 1% of its PBT for the previous year for CSR. Since, in 2022, the Bank had incurred a loss therefore no budget was allocated for 2023.

30.6 This includes PTCL landline connections for all the branches. The increase is due to increase in tariffs by PTCL and opening of new branches during the year.

30.7 This relates to repairs, maintenance and janitorial charges. In the current year, the Bank has renovated majority of its branches resulting in increase in such charges.

31 WORKERS' WELFARE FUND

Under the Workers' Welfare Ordinance, 1971, the Bank has accrued Workers' Welfare Fund at 2% of profit before tax as per the financial statements or declared income as per the income tax return, whichever is higher.

The Bank has made full provision of Workers' Welfare Fund based on profit for the respective years.

The Supreme Court of Pakistan vide its order dated November 10, 2016 has held that the amendments made in the law introduced by the Federal Government for the levy of Workers' Welfare Fund were not lawful. The Federal Board of Revenue has filed review petitions against this order which are currently pending.

Legal advice obtained on the matter indicates that consequent to filing of these review petitions, the judgement may not currently be treated as conclusive. Accordingly, the Bank maintains its provision in respect of WWF.

Tax charge for the year

34.2 Other expense - levy

The Finance Act, 2023 incorporated section 99D of the Income Tax Ordinance, 2001 imposing tax on windfall income, profits and gains. In pursuance of sub-section (2) of said section, the interim Federal Government issued Notification No. SRO.1588(I)/2023 dated November 21, 2023 imposing 40% tax on foreign exchange income of the banks and also specified the criteria for calculation of windfall income and tax liability thereon. In pursuance of the same, tax authorities issued recovery notice to the Bank thereby creating a demand to the extent of Rs. 354 million. However, the Bank filed Constitutional Petition before the Sindh High Court Karachi through its external legal counsel.

The Sindh High Court had earlier suspended the operations of this SRO. However, the Honorable SHC dismissed Banks' petitions in its short order dated February 20, 2025, which was immediately followed by issuance of recovery/attachment notices by the tax authorities. The Bank has made payment of the said windfall tax under protest to avoid any coercive recovery from the tax authorities. The management is awaiting detailed judgement of the Sindh High Court, and will adopt future course of action in consultation with its tax counsel. Accordingly, the management has recognised the provision in respect of windfall tax.

40 FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Quoted securities classified as held to maturity are carried at amortised cost. The fair value of unquoted equity securities, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted debt and equity securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

40.1 Fair value of financial assets

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

The Bank's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date the event or change in circumstances that caused the transfer occurred. There were no transfers between levels 1 and 2 during the year.

(a) Financial instruments in level 1

Financial instruments included in level 1 comprise of investments in listed ordinary shares.

(b) Financial instruments in level 2

Financial instruments included in level 2 comprises of Market Treasury Bills, Pakistan Investment Bonds, Term finance certificates and Sukuks.

(c) Financial instruments in level 3

Financial instruments included in level 3 comprises of shares in unlisted ordinary shares.

Valuation techniques and inputs used in determination of fair values within level 1 and 2

Items	Valuation techniques and input used
Pakistan Investment Bonds / Market Treasury Bills	Fair values of Pakistan Investment Bonds and Market Treasury Bills are derived using the PKRV rates (Reuters page). These rates denote an average of quotes received from eight different pre-defined / approved dealers / brokers.
Fully Paid-up Listed ordinary shares, Term finance certificates and Sukuks	Fair value of investment in listed equity securities, term finance certificates and corporate sukuks are valued on the basis of available closing quoted market prices.
Forward foreign exchange contracts	The fair value has been determined by interpolating the mid rates announced by the State Bank of Pakistan.

The objective of managing capital is to safeguard the Bank's ability to continue as a going concern, so that it could continue to provide adequate returns to shareholders by pricing products and services commensurately with the level of risk. It is the policy of the Bank to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The impact of the level of capital on shareholders' return is also recognised and the Bank recognises the need to maintain a balance between the higher returns that might be possible with greater gearing and the advantages and security afforded by a sound capital position.

The Bank's Board of Directors and the management is committed to maintaining a sound balance between depositors' liability and shareholders' funds so that optimal capital / debt ratio is maintained. The optimal capital / debt ratio will provide reasonable assurance to depositor's about safety and security of their funds and at the same time provide impetus to the management to invest their depositors' funds into profitable ventures without compromising the risk profile of the Bank. The capital requirement of the Bank has been determined based on the projected growth plan to be achieved in the next three to five years in all areas of business operations. Further, it also takes into account a road map for capital enhancement as directed by the SBP vide its various circulars issued from time to time.

The Bank prepares an annual budget and five year plan for purpose of the growth map and future direction. Bottom up approach is used to prepare annual budget and detailed deliberations are held while preparing the five year plan. The growth prospects takes into consideration prevailing economic and political factors in Pakistan and abroad.

The Banks are required to maintain Minimum Capital Requirement (MCR) as prescribed by the State Bank of Pakistan through its BSD Circular No. 7 dated April 15, 2009 which required the minimum paid up capital (net of accumulated losses) to be raised to Rs 10 billion by the year ended December 31, 2013. As at December 31, 2024 the Bank's Paid up Capital is Rs 10.082 billion. In addition, the Banks are also required to maintain a minimum Capital Adequacy Ratio (CAR) of 11.5 percent of their risk weighted exposure. The Bank's CAR as at December 31, 2024 is 23.83% percent (2023: 21.31 percent) of its risk weighted exposure.

The Bank calculates capital adequacy ratio for credit risk, market risk and operational risk based upon the requirements under the Basel Accord as per the guidelines issued by the State Bank of Pakistan from time to time in this regard.

Major credit risk in respect of on and off-balance sheet exposures are mainly claims on banks, corporates, retail customers, residential mortgages and unquoted equity securities. Market risk exposures are mainly in fixed income securities and foreign exchange. The Bank's potential risk exposures shall remain in these exposure types.

The Bank prepares an annual budget and five year plan for purpose of the growth map and future direction. Bottom up approach is used to prepare annual budget and detailed deliberations are held while preparing the five year plan. The growth prospects takes into consideration prevailing economic and political factors in Pakistan and abroad.

The Bank has taken into account credit risk, market risk, liquidity risk and operational risk when planning its assets.

The capital to risk weighted asset ratio, calculated in accordance with SBP guidelines on capital adequacy, under Basel III and Pre-Basel III treatment using Standardized Approach of Credit and Market Risk and Basic indicator Approach for Operational Risk is presented above:

45 RISK MANAGEMENT

Risk can be defined as a combination of the probability of an event and its consequences. In all types of undertakings, there is a potential for events and consequences that constitute opportunities for benefit (upside) or threats to success (downside). Risk Management is increasingly recognised as being concerned with both positive and negative aspects of risk. However, as a matter of prudence it is generally recognised that consequences are only negative and therefore the management of risk is focused on prevention and mitigation of harm.

The types and degree of risk an organisation may be exposed to depends upon its size, complexity in business activities, volume etc. Unless risks are assessed and measured it will not be possible to control risks. Further, an accurate assessment of risk gives management a clear view of the Bank's standing and helps in deciding future action plans. Management of risk by banks in Pakistan is governed by rules and regulations set by the State Bank of Pakistan in its capacity as a Regulator of the banks.

The Bank maintains a dedicated Risk Management organisational unit, independent from any business and reporting directly to the President & CEO through the Chief Credit Officer.

The Bank is exposed to a number of risks, such as credit, market, operational, liquidity, etc. The Board of Directors is ultimately responsible for the risk management function. In order to find an appropriate balance between risk and the desired level of return, the Board has formed certain specialised committees such as Integrated Risk Management Committee (IRMC), Management Credit Committee (MCC), Asset and Liability Committee (ALCO) and Country Risk and Compliance Committee (CRCC) to manage these areas. These committees act within the Bank's overall policies and Board delegated authorities. Integrated Risk Management Committee is a management committee which reviews and monitors risks associated with activities of specific areas. Country Risk and Compliance Committee provides senior management oversight on all material issues pertaining to Operational Risk and Compliance. The Board Risk Committee oversees the risk management function, including credit risks, market risks, liquidity risks, and operational risks that can cause losses to the Bank, to ensure appropriate supervision and governance of the risk management function.

45.1 Credit Risk

Credit risk is the risk of loss as a result of failure by a client or counterparty to meet its contractual obligations. In the existing operations of the bank, this risk is inherent in loans, commitments to lend and contingent liabilities (such as letters of credit / guarantees), in certain traded products and lending transactions.

The bank seeks to manage its credit risk exposure by ensuring that its customers meet the minimum credit standards as per the approved Credit Policy and procedures and through diversification of lending activities ensuring that there is no undue concentration of risks with individuals, or within groups of customers in specific locations or businesses.

Taking credit risk is central to the business therefore the bank continually and constantly assesses and monitors these exposures. The Wholesale banking group is monitored through the Management Credit Committee (MCC) which includes senior members including Chief Credit Officer, Deputy CEO and President & CEO. As far as Credit Risk Management is concerned, MCC's responsibilities include:

- Reviewing and approving individual credit decisions with credit exposures up to the limits delegated by the Board of Directors. the review process include the transaction risk structure, rating and classification level.

The Corporate, Commercial and SME portfolio is monitored through the Integrated Risk Management Committee (IRMC) which includes senior members of the Risk Management Group. As far as Credit Risk Management is concerned, IRMC's responsibilities include:

The inherent nature of the retail business warrants management of a large customer base with diversified product portfolios. Hence, a system driven environment supplemented by human decision making and judgment, especially in unstructured markets is regarded as the best tool to managing risk at large. Credit decisions are taken using a product program approach which includes local environment knowledge, market competition, and current best practices.

Loans and advances are classified as non-performing in accordance with the time based criteria specified in the Prudential Regulations alongwith subjective judgmental criteria also applicable for early classification if needed. Provision is made against loans and advances in accordance with the bank's policies and guidelines provided by the State Bank of Pakistan (SBP).

The Board Risk Committee (BRC) also regularly monitors the overall Risk Portfolio of the Bank including Credit, Market, Liquidity, Operational Risks and Compliance Risks.

The Bank holds various types of collateral against credit exposure including but not limited to liquid collateral (cash or cash equivalents as defined under Prudential Regulation issued by the SBP), equitable/token mortgages, registered charges (1st charge, joint pari-passu charge & ranking charges) over current and fixed assets of borrowers. The bank has not taken benefit of any non-liquid collateral while calculations of ECL under IFRS 9.

The approved procedures define the Classified Credit process to be followed in order to establish a consistent approach to problem recognition, problem labeling, remedial action, loan loss provisioning and the initiation of credit write-offs. Clear responsibilities are defined pertaining to all processes that are required to be followed, in order to have an effective remedial management set-up in place.

A Remedial Asset Committee comprising Head of IRMD, Chief Credit Officer, Deputy CEO and President & CEO, under the initiative of the Institutional Remedial Management Department, conducts regular reviews of the classified portfolio and also recommends recovery / work-out plans, waivers and write-offs.

The Bank has undertaken several initiatives to strengthen its credit risk management framework including the establishment of a IFRS 9 unit responsible for the development of IFRS 9 related models, including Probability of Default (PD) and Loss Given Default (LGD). The models are updated periodically and the results are used for ECL calculations.

For the rated portfolio, the PD is estimated using the Vasicek Approach which uses information regarding transitions between internally developed Obligor Risk Ratings (ORRs) (from 1 to 7). For the unrated portfolio, Vasicek Approach is used to calculate PDs by DPD bucket for each segment.

The computation of ECL is sensitive to macroeconomic variables such as GDP growth rate, inflation, and interest rates. For the computation of forward-looking PDs, the Bank uses forecasted macroeconomic data from independent external sources. The Bank regularly reviews and updates PD models to reflect changes in economic conditions.

The Bank uses the Frye-Jacobs approach to convert through the cycle LGD to a forward-looking point in time LGD. The parameters used to estimate through the cycle LGD are based on the historical trend of the Bank's recovery rates and the time periods over which these recoveries are realized. These parameters are then applied to current exposures, and the result discounted to determine the present value of potential recoveries and hence the estimated loss on defaulted accounts.

For estimation of EAD where committed amounts are not unconditionally cancellable, a CCF, derived from a study of historical patterns, is applied to the undrawn amounts. For portfolios where a CCF cannot be computed due to data limitations, the CCF defined under the Basel guidelines is applied.

These models are reviewed and validated independently. The performance of these models is monitored periodically through statistical tools and back testing.

Staging and ECL calculations

The ECL requirements apply to financial assets measured at amortized cost and at FVOCI (other than equity instruments), and certain loan commitments and financial guarantee contracts. Financial assets are grouped together based on their shared risk characteristics.

A Significant Increase in Credit Risk (SICR) is said to have occurred if there is an increase in the risk of a default occurring over the life of the financial instrument compared to the risk of default expected at the time of initial recognition. The Bank uses a number of qualitative and quantitative measures in assessing SICR including, inter alia, a deterioration in Obligor Risk Ratings (ORR), payments being past due, unavailability of financial information and pending litigation.

For calculating ECL, the Bank classifies its financial assets under the following three categories:

Stage 1 - Performing assets: For financial assets where there has not been a SICR since initial recognition, the Bank recognises an impairment allowance based on the 12-month ECL.

Stage 2 - Underperforming assets: For financial assets where there has been a SICR since initial recognition, but which are not credit impaired, the Bank recognises an impairment allowance based on lifetime ECL.

Stage 3 - Non-performing assets: For financial assets which have evidence of credit impairment at the reporting date, the Bank recognises ECL using the higher of (a) the total lifetime ECL and (b) the corresponding provision required as per the Prudential Regulations.

The Bank follows a very stringent loan loss reserve policy and as a result the impaired portfolio of the Bank is almost fully provisioned.

Governance, ownership and responsibilities

The Bank has adopted a governance framework requiring the Risk, Finance, Internal Audit, HR and IT functions to effectively work together to ensure input from all business lines. IFRS 9 requires robust credit risk models that can predict PD, LGD and EAD.

The Bank's Risk Management Division has developed models / methodologies for PD, LGD and Credit Conversion Factors (CCF). These models are validated on annual basis considering the following aspects:

- Qualitative Validation: ECL model design validation, data quality validation and benchmarking with external best practices
- Quantitative Validation: Calibration testing which ensures the accuracy of the observed PDs.

The Risk Department defines the staging criteria for the new impairment model and take ownership of all models, methodologies and the ECL calculation approach. Additionally, the Risk Department also takes the ownership of the impact of ECL on bank's capital.

The Bank's Finance Division assess the financial impact and meet the financial reporting requirements.

The IT Department is responsible to identify, prepare and extract the data required for the risk parameters modelling and ECL calculations. IT department also support for system development and upgrades.

Disbursements mean the amounts disbursed by banks either in Pak Rupee or in foreign currency against loans.

“Disbursements of province / region wise” refers to the place from where the funds are being issued by scheduled banks to the borrowers

“Utilization of province / region wise” refers to the place where the funds are being utilized by borrower.

45.1.7 Forward-looking information contained in ECL

The assessment of Expected Credit Loss (ECL) calculation incorporates forward looking information. Forward-looking aspect introduces an extra dimension, which is often captured by relating expected losses to the macro-economic variables. The incorporation of macroeconomic factors increases the accuracy of the results produced and makes it more reliable to predict! estimate future results more accurately.

The Bank uses historic and forecasted data to determine the impact of macroeconomic factors to estimate Probability of Default (PD) and Loss Given Default (LGD) etc. Further, statistical models based on historical correlation is performed to identify most significant macro-economic variable(s) that have been recognized as contributors to the default/performance of any portfolio. The macro-economic variables (including Domestic Demand, Services (as % of GDP), Import of Goods and Services and Gross National Savings/Investments) used in the ECL calculation are fetched from the Economist Intelligence Unit (EIU) database and the relevant macro-economic variables are selected based on sensitivity of each of the portfolios to specific macro-economic variables. Three macroeconomic scenarios have been developed base, improved, and worst with assigned scenario probability weightings of 68.25%, 15.87%, and 15.87% respectively.

The Bank conducted a sensitivity analysis on macro-economic indicators which are utilized for forward-looking calculations. As of December 31, 2024, when the macro-economic indicators in the neutral scenario was adjusted upwards or downwards by their respective standard deviation rates, the ECL showed the following variation:

Segment

	Upwards	Downwards
Wholesale	(1.64%)	(1.68%)
Consumer Auto	(3.97%)	(3.1%)
Consumer House	(1.16%)	(1.17%)
Consumer Personal	(2.72%)	(2.79%)

45.1.8 Sensitivity of ECL to Future Economic Conditions

The ECL are sensitive to judgements and assumption made regarding formulation of forward-looking scenarios and how much such scenarios are incorporated into calculations. The Bank performs sensitivity analysis on the ECL recognized on each of its segments.

The table below shows the loss allowance on each segment assuming each forward-looking scenario (e.g. Base, Best and Worst) were weighted 100 percent instead of applying scenario probability across the three scenarios.

	Upside			Central		Downside

45.2 Market Risk

The Bank is exposed to market risk which is the risk that the value of on and off-balance sheet exposures of the Bank will be adversely affected by movements in market rates or prices such as interest rates, foreign exchange rates, equity prices, credit spreads and commodity prices resulting in a loss to earnings and capital.

45.2.1 Principal sources of Market Risks in both Trading Book and Banking Book

The Bank is exposed to market risk which is the risk that the value of on and off-balance sheet exposures of the Bank will be adversely affected by movements in market rates or prices such as interest rates, foreign exchange rates, equity prices, credit spreads and commodity prices resulting in a loss to earnings and capital.

Price Risk

Price risk is the risk that there may be a financial loss as a result of change in the level or volatility of interest rates, foreign exchange rates, and commodity or equity prices.

Liquidity Risk

Liquidity risk is the risk that any bank, business and its entities, will be unable to meet a financial commitment when due.

Differentiation between Trading and Banking Book**Trading Book**

- Positions that are assumed to be held for short term.
- Securities are to be sold within 90 days from the date of their classification as held for trading under normal circumstances.
- They are marked-to-market (MTM) daily.

Banking Book

- Securities holding intention is for long term.
- Sale before maturity is permitted.
- Positions are Marked-to-market (MTM) periodically.

45.2.2 Market Risk Management

45.2.3 Objectives

Market risk is the risk to a bank's financial condition resulting from adverse movements in market prices. Accurately measuring a bank's market risk requires timely information about the current market values of its assets, liabilities, and off-balance sheet positions. Market risk arises from factors such as changing interest rates and currency exchange rates, the liquidity of markets for specific commodities or financial instruments, and local or world political and economic events. All of these sources of potential market risk can affect the value of the institution and should be considered in the market risk measurement process.

Management of market risk aims to control related risk exposure while ensuring that earnings commensurate with levels of risk.

The Bank has approved market risk policy encompassing market risk limit framework where all relevant market factors have been identified and taken into consideration in the establishment of the independent market risk limit frameworks. The policy also articulates standards for defining, measuring and communicating market risk.

The Bank has established quantitative limits related to market risk and has also set limits for the maximum amount of losses arising from market activities as under:

45.2.4 Price Risk Management

Trading Book is controlled through:

- Factor Sensitivity and associated limits
- Value at Risk (VaR) limits
- Trading - Action triggers

Banking Book is controlled through:

- Factor Sensitivity and associated limits
- Sensitivity of bonds using DVO1 limits
- Triggers - Simplified action triggers

45.2.5 Structure and Organisation of the market risk management

45.2.6 Market Risk Management Function

- Monitoring compliance with all the market risk management policies and procedures of the treasury function as approved by the Board of Directors.
- Identifying and specifying all relevant market factors for each risk-taking unit.
- Monitoring the day-to-day dealings of the front office against the pre-determined tolerable limits.
- Ensuring that the following are reflected in the periodic (at least quarterly) profit and loss account:
 - All transactions executed; and
 - Current independent market data used with respect to revaluation.
- Dealer limits monitoring and excess reporting.
- Random review of recorded telephone conversations for Global Market (GM) activities and related telephone recordings through Telecard voice recording system.
- As per new Rate Reasonability Review Process document, any transaction outside the agreed tolerance band will be reviewed and highlighted by Market Risk.
- Review the factor sensitivity, VaR and stress testing methodologies and results for reasonableness, consistency and completeness.
- Preparing forecasts (simulations) showing the effect of various possible changes in market conditions relating to risk exposures and ensure their integrity.
- Preparing Market Access Reports (MAR), maturity and interest rate risk GAP reports.
- Preparing market risk dashboard for Asset Liability Committee (ALCO), Integrated Risk Management Committee (IRMC), Board Risk Committee (BRC) and senior management.
- Preparing GAP analysis report and reviewing methodologies to calculate risk under Pillar I and II of ICAAP Framework.
- Preparing Business Continuity Program (BCP) for market risk.

- Finalising methodologies to calculate risks under Pillar I & II for ICAAP Framework.
- Jointly developing, with business, standard stress test scenarios and reviewing the standard stress test library at least annually.
- Reviewing the Bank's capital adequacy.

45.2.7 Scope and nature of Risk Reporting

- It is the policy of the Bank that a comprehensive set of market risk data, generated through the businesses' risk-taking activities, is identified and communicated throughout the applicable business, IRMC and Senior Management.
- It is the responsibility of Market Risk Management to define, construct and maintain an independent market risk reporting framework that effectively, consistently and meaningfully communicates risks, risk appetite and the quality of earnings.
- At a minimum, market risk reports are produced for each risk-taking unit, consistent with the level at which the independent market risk limit frameworks are established. However, additional market risk reports may be produced if Market Risk Management determines that the level and/or nature of the risk within a business, warrant inclusion in the market risk reporting packages.
- The market risk data and other data used to populate the independent market risk reports should be from independent risk systems or other independent support systems (e.g., general ledger). If the information available in the independent systems is not sufficiently comprehensive, any other data used to populate the reports must be subject to a reconciliation process to ensure its integrity.
- It is the responsibility of Market Risk Management and the business to assist in the quality control process by reviewing the reports for reasonableness, consistency and completeness.

45.2.8 Market Risk Management System

The Bank has market risk software to manage the market risks from its trading and non-trading activities.

At each level, checks and balances are maintained through a system in which back and middle offices operate independently from front offices. In addition, ALCO, IRMC and BRC meetings are held respectively every month / quarter to deliberate important matters related to market risk and control.

45.2.9 Market Risk Measurement Model

Since daily variation in market risk is significantly greater than other types of risk, the Bank measures and manages market risk using VaR on a daily basis.

Market risk for trading and non-trading activities is measured using a uniformed market risk measurement model. The principal model used for these activities is Variance-Covariance matrix model (holding period, 10 days; confidence interval, 99%; and observation period 365 business days). The model calculates VaR amount by applying actual fluctuations in the market rates and prices over a fixed period in the past. However, the Bank is not using this model to calculate Basel III regulatory capital adequacy ratios which are being computed using the standardised approach which is in accordance with the regulatory requirement.

The Bank is using the following components for measuring market risk factors:

- Factor Sensitivities
- Volatility and Correlation Calculations
- Value-at-Risk (VaR)
- Stress Testing

45.2.11 Foreign Exchange Risk

The Foreign exchange risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The risk is managed through State Bank of Pakistan's forward covers and other hedging instruments. Overall foreign exchange risk is managed by dealing in authorised currencies, devising separate authority matrices for different types of foreign currency transactions and assigning the ceilings of exposures to parties. Foreign exchange open and mismatch positions are controlled through internal limits and are marked to market on a daily basis to contain forward exposures.

45.2.12 Equity position Risk

Equity position risk is the risk that the fair value of a financial instrument will fluctuate as a result of changes in the prices of individual stocks or the levels of equity indices. The Bank holds equity investments in both the FVOCI and FVTPL portfolios. The realization of short-term capital gains is the principal objective of the FVTPL portfolio while the FVOCI portfolio is held primarily to earn dividend income. The portfolios are managed by the Bank within the structure encapsulated in the Equity Investment Policy approved by the Board, which defines position limits, portfolio limits and loss triggers for the equity desk. The Bank also applies stress tests on the equity portfolio to ensure that the exposure remains within the market risk appetite of the Bank.

45.2.13 Yield / Interest Rate Risk in the Banking Book (IRRBB)-Basel II Specific

Yield risk is the risk of decline in earnings due to adverse movement of the yield curve. Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. The Bank is exposed to interest rate risk as a result of mismatches or gaps in the amounts of assets and liabilities and off-balance sheet instruments that mature or re-price in a given period. The Bank monitors this risk and manages it by repricing of assets and liabilities with the objective of limiting the potential adverse effects on the profitability of the Bank.

45.3 Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, errors or mistakes or frauds committed by people, inadequate systems and from external events. The Bank has an Operational Risk Framework duly approved by the Board which is reviewed after every three years. The Bank has a well developed Operational Risk System as defined under the Operational Risk Framework, which is aligned to international best practices. The Bank is using Key Risk Indicators, Risk & Control Self - Assessment, capturing operational risk incidents and conducting Quality Assurance Reviews as tools for identification, monitoring, measuring and management of operational risk. Key Risk Indicators and operational loss incidents are captured in the Operational Risk System.

A sound internal governance structure enhances the effectiveness of the Bank's Operational Risk Management and is accomplished at the enterprise level through formal oversight by the Board, the Chief Risk Officer, the Operational Risk Head and Risk Management Committees.

The Bank has set up an Operational Risk Management Department (ORMD), housed within the Risk Management Group which is entrusted with managing controls and processes in an efficient and effective manner. The Operational Risk Management Department (ORMD) oversees the processes for sound Operational Risk Management and also serves as an escalation point for critical Operational Risk matters within the Bank. The ORMD reports Operational Risk activities to the Country Risk & Compliance Committee (CRCC) and Board Risk Committee that reviews all risk areas of the Bank, on a holistic basis. The main activities of ORMD include:

- Operational Risk Management
- Fraud Risk Management
- Quality Assurance Reviews
- Whistle Blowing Unit
- Green Banking

With respect to Basel III for Operational Risk, the bank currently uses the Basic Indicator Approach (BIA) for determining the Operational charge for MCR calculation purposes.

45.3.1 Green Banking and Environmental, Social & Governance (ESG)

Our Bank is committed to Environmental, Social, and Governance (ESG) principles, integrating sustainability into our operations and lending decision-making. We prioritize environmentally responsible practices, social initiatives, and governance framework.

SBL is committed to promoting sustainable development and minimizing the negative environmental and social impact of its financial activities. Green Banking Guidelines and Environmental & Social Risk Management Manual (ESRM) issued by the State Bank of Pakistan, support the initiative to improve the understanding and implementation of environmental protection and social laws in the country, by incorporating the concept in the banking system. To comply with the guidelines and Manual the Bank has established a Green Banking Office housed under Operational Risk Management. In light of these regulatory requirements and being a responsible corporate citizen, SBL's Green Banking (GB) Policy was developed and implemented in 2019 and was revised, after the issuance of SBP's ESRM Manual, as GB Policy & ESRM Manual encompassing Environmental & Social Risk Management, Green Business Facilitation and Own Impact Reduction.

The Bank has an Environmental and Social Risk Management System which incorporates procedures for evaluation and management of environmental and social risks in current as well as future decision making process for financing/investments. Non-consumer credit portfolio obligors are reviewed on the basis of Environmental and Social Due Diligence Checklist by assigning Environmental & Social Risk Rating, as part of the credit approval process.

To promote Green Business Facilitation, the Bank has approved Green asset side products which includes financing of solar power solutions under the SME PPM, financing of Consumer asset products i.e. Roshan Apni Car and Roshan Apna Ghar. Furthermore, on the liability side there are two Green products i.e. Roshan Digital Account for NRPs and Digital Onboarding for RPs.

On Own Impact Reduction various green initiatives have been taken to reduce carbon footprint by digitizing various processes such as, e-Statements, customer notifications (pre & post dormancy), e-KYC, IT Services Portal, e-Attendance Mechanism and HRM Portal, thereby facilitating paperless banking/processes and bringing efficiency in operations. The Bank has shifted to energy saving lights across its branches and has also converted one of its branch and ATM to renewable energy source. This is enabling an eco-friendly approach to banking.

Regular trainings and awareness sessions were also conducted for staff members to ensure understanding of the GB Policy and Environmental and Social Risk Management. Accordingly, our digital platforms are leveraged for spreading awareness through strategic messaging on social media. In line with global practices, various Environmental and Social Days are observed to support conservation of the environment, raise environmental awareness amongst staff and to highlight critical environmental and social issues.

45.3.2 Social Initiatives

Our bank remains committed to fostering positive social impact through contributions to organizations dedicated to creating Sustainability. In line with our commitment to Social consciousness, we have supported the following esteemed organizations:

Healthcare & Well-being: The Kidney Centre, Indus Hospital, Patients Aid Foundation (JPMC), Pink Ribbon Pakistan, Shaukat Khanum Memorial Trust, Karachi Down Syndrome Program, MALC-Marle Adelaide Leprosy Centre, LRBT, Pakistan Eye Bank Society (PEBS) and Roshni Trust.

Education & Empowerment: The Citizens Foundation, Hunar Foundation, Akhuwat, Sanjan Nagar Public Education Trust, Kiran Foundation and Orange Tree Foundation

Community Support: SOS Children's Villages, Deaf Welfare Awareness Foundation, The Red Crescent and WWF

Tree Plantation Activity: 2000 native sapling plantation in collaboration with WWF Pakistan. 500 plants in Karachi and 1,000 mangrove plantation at Sonmiani has been completed and plantation of 500 sapling in Lahore is planned in first quarter of 2025.

45.3.3 Diversity, Equity & Inclusion and Socio-Economic Development

Samba Bank Limited (SBL) upholds its commitment to Diversity, Equity & Inclusion and Socio-Economic Development through a multifaceted program of partnerships, training, capacity building and outreach activities undertaken by the Bank's HR and Training Group.

In 2024, reiterating the importance of Employee Wellbeing, the Bank arranged motivational sessions for women employees on the occasion of International Day of Women, with inspirational talks by guest speakers from IBA, Bioniks & Level-Up. In a milestone for Financial Inclusion and Empowerment the Bank designed and conducted a women's empowerment program for women lawyers on "Digital Banking, Legal Skills & Women's Development". The program was a thematic collaboration by Samba Bank Ltd, with Karachi Bar Council, Sindh Women's Bar Association, & IBA-CICT. Marking a success for Financial Inclusion and Empowerment, the Bank earned a Certificate of Appreciation for its active role in State Bank of Pakistan's National Financial Literacy Week as part of the National Financial Literacy Program. In keeping with our commitment to Diversity, Equity & Equal Opportunity (DEI) the Bank successfully completed its 3-year training staff program on Gender Sensitization in the Workplace. The Bank also conducted training programs for its staff on Sensitization for Inclusion of Persons in the Workplace. In another DEI achievement, the Bank partnered with Lahore Businessmen Association for Rehabilitation of the Disabled (LABARD) for internships in Banking operations for Differently-Abled young men and women. Concluding the year, with a DEI and Community Engagement event, the Bank proudly celebrated International Day of Persons with Disabilities with a Futsal match and Power Run alongside hearing and speech impaired teams from JS Academy for the Deaf. On the occasion, recognition awards were given to the Bank's Disability Expert and Mentors JS Academy for the Deaf Born2RunPakistan. These contributions reflect our dedication to addressing societal challenges and driving sustainable development.

In addition to the above, institution wide Operational Risk, Fraud Risk, Green Banking and Whistle Blow awareness trainings were undertaken regularly.

Governance: Refer to "Statement under Code of Corporate Governance/Corporate and Financial Reporting Framework" and "Independent Auditors' Review Report to the Members on the Statement of Compliance Contained in Listed Companies (Code of Corporate Governance) Regulations, 2019" Section.

45.4 Information and Cyber Security

Information and Cyber Security in all aspects remains a critical area of importance to safeguard Bank's critical information assets. To strengthen the Information Security controls for Bank's information assets, SBL has taken defense-in-depth approach wherein multiple layers of controls encompassing technical, administrative and physical security controls have been deployed. SBL is PCI DSS compliant and conducts robust Penetration Testing and Vulnerability Scanning to identify any gap and implements recommended countermeasure(s). All applications and any technology enhancements are reviewed by IS function through a detailed Information Security Risk Assessment process. SBL IS Department has established Security Operations Center (SOC) to monitor and tackle any emerging or active cyber threat/attack. The Bank's staff are also regularly trained on Information and Cyber Security aspects through a comprehensive security awareness program using different methodologies of delivery.

Business Continuity Management Program is aligned with industry best practices and regulatory guidelines, which is periodically reviewed and tested to ensure the readiness and effectiveness of alternate sites' arrangements during uncertain situations. BCM awareness training sessions and testing drills are also conducted for critical staff members to ensure that they are fully aware of their key roles and responsibilities in case of any disastrous situation.

45.5 Liquidity Risk

Liquidity Risk is the potential for loss to an institution arising from either its inability to meet its obligations or to fund increase in assets as they fall due without incurring unacceptable cost or losses.

Liquidity risk is being monitored through the following:

(a) Gap Analysis: Market Access Report (MAR)

Market Access Report is a key tool in monitoring the current liquidity position of the Bank and it measures the 'gaps' over various time horizons, based on a business-as-usual assumption that the asset levels remain constant. MAR quantifies the daily and cumulative gap in a business-as-usual environment. The gap for any given tenor bucket represents the borrowings from, or placements to, the markets (internal or external), required to replace maturing liabilities or assets. MAR Limits establish a boundary for how much incremental funding is appropriate, relative to the size of statement of financial position and market capacity.

(b) Stress Scenario

Stress test is intended to quantify the likely impact of an event on the balance sheet and the net potential cumulative gap over a 3-month period, and to ascertain what incremental funding may be required under the defined stress scenario. The scenario is proposed by the Market Risk Management at a minimum on an annual basis, endorsed by the treasurer, and approved by the Board of Directors.

(c) Scope and nature of Risk Reporting

- It is the policy of the Bank that the comprehensive set of liquidity risk data, generated through the businesses' risk-taking activities, is identified and communicated throughout the applicable business, treasury, and senior management.
- Market Risk is responsible to construct and maintain an independent liquidity risk-reporting framework that effectively, consistently and meaningfully communicates risks and risk appetite.
- Treasurer is responsible to ensure the completeness and integrity of the liquidity risk data, and that the data can be effectively reported into the independent risk systems.
- ALCO, the Treasurer and the market risk managers are responsible for assisting in the quality control process by reviewing the reports for reasonableness, consistency and completeness.

(d) Mitigating Liquidity risk and processes for continuous monitoring

The following tools are being used in order to monitor the liquidity risk:

- Market Access Report (MAR)
- Stress Scenario
- Liquidity Ratios
- Significant Funding Sources (large funds providers)
- Contingency Funding Plans
