## DIRECTORS' REPORT

### DIRECTORS' REPORT

The Board of Directors of D.S. Industries Limited is pleased to present the Company's Thirty-Fourth Annual Report which includes the Audited Financial Statements of the Company together with the Auditor's report thereon for the year ended June 30, 2014.

#### Financial Results of the Company

Overall financial results of the Company were depressing than the last year mainly due to decrease in yarn prices and increase in raw material prices. Moreover, there is an increase of 27% in power cost in spite of electricity loadshedding which suffered our production. During the year ended June 30, 2014 the Company earned gross profit of Rs. 12.804 million as compared to gross profit of Rs. 162.846 million in the last year, whereas loss before taxation for the year was amounting to Rs. 45.624 million as compared to profit of Rs. 127.75 million in last year.

#### Dividend

In view of the liquidity problem due to repayment of bank borrowings and increasing energy and raw material prices and available accumulated losses, directors of your Company have not proposed any dividend for the year.

#### Book Closure

The Share Transfer Books of the Company will remain closed and no transfer of shares will be accepted for registration from October 25, 2014 to October 31, 2014 (both days inclusive). Transfer received by our Shares Registrar, M/s THK Associates (Pvt.) Limited - Ground Floor, State Life Building No 3, Dr. Ziauddin Ahmed Road, Karachi at the close of business on October 24, 2014 will be considered to attend and vote at the meeting.

#### Pattern of Shareholding

The Statement of Pattern of Shareholding along with categories of shareholders of the Company as at June 30, 2014, as required under section 236 of the Companies Ordinance 1984 and Code of Corporate Governance are annexed with this report.

#### Operating and Financial Data

Operating and financial data with key ratios for the six years is annexed.

#### Future Outlook

The textile industry is the most important manufacturing sector of Pakistan and has the longest production chain, with inherent potential for value addition at each stage of processing. Although there are adverse business conditions in Pakistan, but this sector has contributed upto a significant extent towards the foreign currency inflows. Increase in production cost, prolonged power & gas shut downs have made it very difficult for the industry to survive and compete. However, the management foresee favourable condition coming ahead.

## **REVIEW REPORT TO THE MEMBERS ON STATEMENT OF COMPLIANCE WITH BEST PRACTICES OF CODE OF CORPORATE GOVERNANCE**

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Code of Corporate Governance ("the Code") prepared by the Board of Directors of D. S. Industries Limited for the year ended June 30, 2014 to comply with requirements of the Listing Regulation No. 35 (Chapter XI) of both the Karachi Stock Exchange and Lahore Stock Exchange, where the Company is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Code.

As a part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Code requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code as applicable to the Company for the year ended June 30, 2014.

Further, we highlight below instances of non-compliance with the requirements of the Code as reflected in the note reference where these are stated in the Statement of Compliance:

## AUDITORS' REPORT TO THE MEMBERS

We have audited the annexed balance sheet of D.S. Industries Limited as at June 30, 2014 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity, together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- a) in our opinion, proper books of accounts have been kept by the Company as required by the Companies Ordinance, 1984;
- b) in our opinion;
  - (i) the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of account and are further in accordance with the accounting policies consistently applied;
  - (ii) the expenditure incurred during the year was for the purpose of the Company's business; and
  - (iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Company;
- (c) in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan and give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2014 and of the loss, total comprehensive loss, its cash flows and changes in equity for the year then ended; and
- (d) in our opinion, no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

We draw attention to Note 1.2 to the financial statements, which indicates that the Company has incurred net loss of Rs. 48.391 million during the year and has accumulated losses of Rs. 989.761 million as at the balance sheet date. The current liabilities of the Company exceed its current assets by Rs. 347.718 million and its total liabilities exceed its total assets by Rs. 287.773 million as at the balance sheet date. These conditions indicate the existence of a material uncertainty, which may cast significant doubt about the Company's ability to continue as a going concern. Our opinion is not qualified with regard to this matter.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

### Note 1

#### The Company and its Activities

---

**1.1** The Company was incorporated in Pakistan on September 09, 1980 as a Private Limited Company under the repealed Companies Act, 1913 (now the Companies Ordinance, 1984) and was subsequently converted into a Public Company on February 21, 2005. The Company is listed on Karachi and Lahore Stock Exchanges. The Company has its registered office at 20-K, Gulberg-II Lahore, Pakistan. The principal activity of the Company is manufacturing and selling of yarn.

#### 1.2 Going concern assumption

The Company has incurred net loss of Rs. 48.391 million during the year and has accumulated loss of Rs. 989.761 million (2013: Rs. 950.644 million) as at the balance sheet date. The current liabilities of the Company exceed its current assets by Rs. 347.718 million (2013: Rs. 226.524 million) and its total liabilities exceed its total assets by Rs. 287.773 million (2013: 250.822 million) as at the balance sheet date. These factors raise doubts about the Company being a going concern and therefore, it may be unable to realize its assets and discharge its liabilities in the normal course of business.

However, any adjustments relating to the recoverability of recorded assets and liabilities have not been incorporated in these financial statements as the management is confident to obtain continuous support from its sponsoring directors. Further, the directors have injected Rs. 29.250 million in the Company, subsequent to the balance sheet date, to repay the outstanding liability of KASB Bank Limited (refer to Note 7.1). Moreover, suits filed by KASB Bank Limited and Askari Bank Limited have also been withdrawn in the favour of the Company owing to the repayment of long term financing as per the repayment schedule. Keeping in view all these factors, the going concern assumption is considered appropriate and, therefore, these financial statements have been prepared on a going concern basis.

### Note 2

#### Basis of Preparation

---

#### 2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984. In case requirements differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

## Note 2, Basis of preparation - Contd...

**2.2 Basis of measurement**

These financial statements have been prepared under the historical cost convention except to the extent of followings:

|                                       |         |                 |
|---------------------------------------|---------|-----------------|
| Staff retirement benefits             | Note 8  | Present value   |
| Certain property, plant and equipment | Note 15 | Revalued amount |
| Long term investments                 | Note 16 | Equity method   |
| Short term investment                 | Note 22 | Fair value      |

**2.3 Use of estimation and judgments**

The preparation of financial statements in conformity with IFRSs requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and related assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. The estimates and related assumptions are reviewed on an ongoing basis. Accounting estimates are revised in the period in which such revisions are made.

Significant management estimates in these financial statements relate to the useful life and residual values of property, plant and equipment, provisions for doubtful receivables, provisions for defined benefit plans, obsolescence of inventory, valuation of inventory and taxation. However, the management believes that the change in outcome of estimates would not have a material effect on the amounts disclosed in the financial statements.

**2.4 Functional and presentation currency**

These financial statements are prepared and presented in Pak Rupees which is the Company's functional and presentation currency. Figures have been rounded off to the nearest rupee except as stated otherwise.

## Note 3

**Change in Accounting Policy**

Except for the changes stated below, the Company has consistently applied the accounting policies, as set out in Note 4, to all periods presented in these financial statements. The Company has adopted the amendments in IAS-19 (Employee Benefits), including any consequential amendments to other standards, effective from July 01, 2013 that has resulted in change in accounting policy. Major changes introduced by the revised Standard are as follows:

- i) Past service cost to be recognized immediately in the profit and loss account.
- ii) Interest cost on defined benefit obligation and the expected return on plan assets with a net interest cost based on net defined benefit asset or liability and the discount rate to be measured at the beginning of the year.
- iii) Remeasurement of net defined benefit liability / asset comprising the actuarial gain / losses and the difference between the actual return on investments and return implied by net interest cost.
- iv) Recognition of remeasurement immediately in other comprehensive income.

The management has adopted IAS-19 - Employee Benefits (revised) and changed its accounting policy retrospectively in accordance with IAS-8 'Accounting Policies, Changes in Accounting Estimates and Errors' resulting in restatement of financial statements of prior periods. Corresponding period adjustments and restatements have been incorporated in the balance sheet, statement of comprehensive income and statement of changes in equity. The effect of change in the accounting policy is as under:

## Note 4

**Summary of Significant Accounting Policies**

The accounting policies set out below have been applied consistently to all periods presented in these financial statements and have been applied consistently by the Company.

**4.1 Provisions**

A provision is recognized in the balance sheet when the Company has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made.

**4.2 Staff retirement benefits**

The Company operates an unapproved and unfunded gratuity scheme covering its permanent employees. Employees are eligible for benefits under this scheme after the completion of a prescribed qualifying period of service. The Company's obligation under the scheme is determined through actuarial valuations carried out under the "Projected Unit Credit Method". Actuarial valuations are carried out annually and the latest valuation was carried out as at June 30, 2014. Based upon this actuarial valuation the Company has accounted for the provision for gratuity and current service cost.

As per the latest actuarial valuation the following significant assumptions were used.

|                                                           |                                       |
|-----------------------------------------------------------|---------------------------------------|
| Discount rate                                             | 13.25%                                |
| Expected rate of salary increase in future years          | 12.25%                                |
| Average expected remaining working life time of employees | 5.59 years                            |
| Expected mortality for active members                     | As per SLIC (2001-05) mortality table |
| Actuarial valuation method                                | Projected Unit Credit Method          |

**4.3 Taxation**

Income tax on the profit or loss for the year comprises current and deferred tax. Income tax expense is recognized in the profit and loss account except to the extent that relates to items recognized directly in equity, in which case it is recognized in equity.

## Note 4, Summary of Significant Accounting Policies - Contd...

**Current**

The charge for taxation for the year is based on taxable income at the current rates of taxation after taking into account tax rebates and credits available, if any.

**Deferred**

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets, are recognized to the extent of potential available taxable profit against which temporary differences, unused tax losses and tax credits can be utilized.

**4.4 Trade and other payables**

Liabilities for trade and other amounts payable are carried at cost which is the fair value of the consideration to be paid or given in the future for goods and services received or to be delivered or for any other amount, whether or not billed to the Company.

**4.5 Property, plant and equipment****Owned**

Property, plant and equipment are stated at cost / revalued amount less accumulated depreciation and identified impairment loss except for freehold land which is stated at revalued amount. Cost of property, plant and equipment consists of historical cost, borrowing cost pertaining to the construction and erection period and directly attributable cost of bringing the asset to worthy condition.

Depreciation is charged to income on reducing balance method at the rates specified in note No. 15. Full month's depreciation is charged on additions during the month whereas, no depreciation is charged on assets disposed off during the month. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the asset's revised carrying amount over its estimated useful life.

Normal repairs and maintenance are charged in income as and when incurred. Major renewals and improvements are capitalized. Gain or loss on disposal of property, plant and equipment, if any, is shown in the profit and loss account.

**Capital work-in-progress**

Capital work-in-progress is stated at cost less any identified impairment loss.

**4.6 Impairment**

Carrying amounts of the Company's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any. The recoverable amount is the higher of fair value less costs to sell and value in use. In the absence of any information about the fair value, the recoverable amount is determined to be the value in use. Impairment losses are recognized as expense in the profit and loss account.

**4.7 Investments**

The management considers its associates to be such enterprise in which the Company has ownership of at least twenty percent but not more than fifty percent, of the voting power and / or has significant influence through shared directorship, but not control.

The management determines the appropriate classification of its investment in accordance with the requirements of International Accounting Standards 39; 'Financial Instruments: Recognition and measurement and International Accounting Standard 28; Investments in Associates' at the time of purchase and re-evaluates this classification on a regular basis. Investments are categorized as follows:

**Investment in associates**

Investments in associates are accounted for using the equity method less impairment loss. This method is applied from the date when significant influence is established until the date when that significant influence ceases. The Company's share of its associate's post-acquisition profits or losses is recognized in the profit and loss account and its share of post-acquisition movements in reserves is recognized in the reserves of the Company. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. Distributions received from an associate reduce the carrying amount of the investment.

**Other investments**

Other investments are initially recognized at cost, comprising the consideration paid and cost of transaction except in the case of investments at fair value through profit or loss where transaction costs are charged to the profit and loss account when incurred. For listed securities, closing quotations of stock exchanges on last working day of the accounting year are considered for determining the fair value, while for unquoted securities, cost is usually considered as fair value of securities.

The classification is made on the basis of intended purpose for holding such investments. These are measured at the balance sheet date in accordance with the requirements of IAS - 39 (Financial Instruments: Recognition and Measurement) described as under:

**At fair value through profit and loss**

These are securities which are acquired for the purpose of generating a profit from short-term fluctuations in market price or dealer's margin, securities in a portfolio in which a pattern of short term profit taking exists or derivatives other than those held as hedging instruments.

**Held to maturity**

Held to maturity investments are financial assets with fixed or determinable payments and fixed maturities that the Company's management has the positive intention and ability to hold to maturity.

**Available for sale**

These are the investments that do not fall under the categories of investments at fair value through profit or loss or held to maturity.

## Note 4, Summary of Significant Accounting Policies - Contd...

**4.8 Stores and spares**

These are valued at lower of moving average cost and net realizable value, except for items in transit that are valued at cost comprising the invoice value plus incidental charges paid thereon.

**4.9 Stock in trade**

These are valued at the lower of cost and net realizable value. Cost is determined as follows:

|                      |                                                                         |
|----------------------|-------------------------------------------------------------------------|
| Raw materials        | - at weighted average cost                                              |
| Materials in transit | - at cost comprising invoice value plus incidental charges paid thereon |
| Work in process      | - at estimated average manufacturing cost                               |
| Finished goods       | - at average manufacturing cost                                         |

Manufacturing cost in relation to work in process and finished goods comprises cost of material, labour and appropriate manufacturing overheads. Net realizable value signifies the estimated selling price in the ordinary course of business less necessary cost to make the sale.

**4.10 Trade debts**

All outstanding debts are reviewed at the year end. The Company recognizes and carries these debts at original invoice amount less an allowance for uncollectible amounts if any. Bad debts are written off as incurred and provision is made against debts considered doubtful when the collection of the full amount is no longer probable.

**4.11 Cash and cash equivalents**

For the purpose of cash flow statement, cash and cash equivalents include cash in hand, cheques in hand and deposits with banks.

**4.12 Borrowing costs**

Borrowing costs are charged to income as and when incurred except costs that are directly attributable to acquisition, construction or production of qualifying assets that are capitalized as part of the cost of assets.

**4.13 Foreign currency transactions and translation**

Transactions denominated in foreign currencies are initially recorded at Pak Rupees by applying the foreign exchange rate ruling on the date of transaction. All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at the exchange rate prevailing at the balance sheet date. Exchange differences are included in income currently.

**4.14 Financial instruments**

Financial instruments are recognized in the financial statements when the Company becomes a party to the contract and ceases to recognize when it loses control of contractual rights, in case of financial assets, and in case of financial liability when the liability is extinguished. Any gain or loss on subsequent re-measurement / derecognizing is charged to income.

Note 4, Summary of Significant Accounting Policies - Contd...

**4.15 Off-setting of financial assets and financial liabilities**

A financial asset and financial liability is offset and the net amount is reported in the balance sheet if the Company has a legally enforceable right to set-off the recognized amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

**4.16 Segment reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker. Segment results, assets and liabilities include items directly attributable to a segment. Segment capital expenditure is the total cost incurred during the year to acquire property, plant and equipment and intangible assets.

**4.17 Related party transactions**

Transactions in relation to sales, purchases and services with related parties are made at arm's length prices determined in accordance with the Company's policy.

**4.18 Revenue recognition**

- Sales are recorded on dispatch of goods to customers.
- Interest income is recognized on a time proportion basis that takes into account the effective yield on the deposits / receivables.
- Dividend on equity investments is recognized as income when the Company's right to receive the dividend is established.

**4.19 Dividend**

Dividend distribution including stock dividends to the Company's shareholders is accounted for as a liability in the period in which the dividends are approved.

**Segment Reporting**

For management purposes, the activities of the Company are recognized as one operating segment, i.e. manufacturing and sales of yarn. The Company operates in the said reportable operating segment based on the nature of the product, risk and return, organizational and management structure and internal financial reporting systems. Accordingly, the figures reported in these financial statements relate to the Company's reportable segment. Entity-wide disclosures regarding reportable segment are as follows:

|                                                                 | 2014<br>Percentage | 2013<br>Percentage |

All non-current assets of the Company are located in Pakistan as at the reporting date.

Note 37

**Financial Risk Management****37.1 Financial risk factors**

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, price risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management policies focus on the unpredictability of financial markets and seek to minimize potential adverse effects on the financial performance.

Risk management is carried out by the Board of Directors (the Board). The Board provides principles for overall risk management, as well as policies covering specific areas such as currency risk, price risk, interest rate risk, credit risk and liquidity risk.

**(a) Market risk****(i) Currency risk**

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The Company is exposed to currency risk arising primarily from various currency exposures, primarily with respect to the United States Dollar (USD). Currently, the Company's foreign exchange risk exposure is Nil because there is no outstanding foreign currency receivable or outstanding commitments against letter of credit as at the balance sheet date.

**(ii) Price risk**

Price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instrument traded in the market. The Company is exposed to commodity price risk in respect of marketable securities.

**Sensitivity analysis**

A change of 5% in the value of investments at fair value through profit or loss would have increased / decreased profit or loss by Rs. 0.032 million (2013: Rs. 0.023 million) on the basis that all other variables remain constant.

**Fair value hierarchy**

Financial instruments carried at fair value are categorized as follows:

|         |                                              |
|---------|----------------------------------------------|
| Level 1 | Quoted market prices                         |
| Level 2 | Valuation techniques (market observable)     |
| Level 3 | Valuation techniques (non market observable) |

## Note 37, Financial Risk Management - Contd...

### (iii) Interest rate risk

This represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has no significant long-term interest-bearing assets. The Company's interest rate risk arises from long term financing. As the borrowings are obtained at variable rates, these expose the Company to cash flow interest rate risk. As at the balance sheet date the interest rate profile of the Company's interest bearing financial instruments was:

|                                  | 2014                | 2013    |
|----------------------------------|---------------------|---------|
|                                  | Rupees in thousands |         |
| <b>Floating rate instruments</b> |                     |         |
| Financial liabilities            |                     |         |
| Long term financing              | 249,490             | 306,452 |
| Financial assets                 |                     |         |
| Bank balances - saving accounts  | 605                 | 20,278  |

### Cash flow sensitivity analysis for variable rate instruments

If interest rates at the balance sheet date, fluctuate by 1% higher / lower with all other variables held constant, loss before taxation for the year would have been Rs. 2.489 million (2013: Rs. 2.862 million) higher / lower, mainly as a result of higher / lower interest expense on floating rate borrowings. This analysis is prepared assuming the amounts of liabilities outstanding as at the balance sheet date were outstanding for the whole year.

### (b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. Carrying amounts of financial assets represent the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

|                        | 2014                | 2013   |
|------------------------|---------------------|--------|
|                        | Rupees in thousands |        |
| Long term deposits     | 19,072              | 19,072 |
| Trade debts            | 72,630              | 49,446 |
| Short term investments | 640                 | 456    |
| Bank balances          | 2,717               | 59,772 |

The aging of the trade debts at the reporting date is:

|                       |               |               |
|-----------------------|---------------|---------------|
| Past due 0 - 30 days  | 18,158        | 12,362        |
| Past due 31 - 60 days | 29,052        | 19,778        |
| More than 60 days     | 25,420        | 17,306        |
|                       | <u>72,630</u> | <u>49,446</u> |

## Note 37, Financial Risk Management - Contd...

The credit quality of bank balances that are neither past due nor impaired can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rate:

## (c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Company manages liquidity risk by maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities. As at the balance sheet date, the Company had Rs. 2,717 million (2013: Rs. 59,772 million) cash and bank balances. Despite the Company having a negative working capital position as at the balance sheet date, the management believes its liquidity risk to be low. Following are the contractual maturities of financial liabilities, including interest payments. Contractual maturities of financial liabilities as at June 30, 2014:

|                          | Carrying Amount     | On Demand | Contractual Cash Flows | Within 1 Year  | 1-2 Years     | 2-5 Years     |

## 37.3 Fair values of financial assets and liabilities

Carrying values of all financial assets and liabilities reflected in financial statements approximate to their fair values. Fair value is determined on the basis of objective evidence at each reporting date.

Note 38

## Capital Risk Management

While managing capital, the objectives of the Company are to ensure that it continues to meet the going concern assumption, enhances shareholders' wealth and meets stakeholders' expectations. The Company ensures its sustainable growth viz. maintaining optimal capital structure, keeping its finance cost low, exercising the option of issuing right shares or repurchasing shares, if possible, selling surplus property, plant and equipment without affecting the optimal production and operating level and regulating its dividend payout thus maintaining smooth capital management. Gearing ratio has not been worked out owing to negative equity as at the balance sheet date.
